

SANITIZED

INFORMATION

THE WHITE HOUSE
WASHINGTON

~~CONFIDENTIAL~~

Monday, February 5, 1968 -- 4:05 pm

Mr. President:

This is the report I didn't send along the other day because: it was only one such straw in the wind; and CIA could not evaluate the source. Nevertheless, it is interesting.

It reports that the North Vietnamese army has informed the Viet Cong that support will be withdrawn in March 1968 and therefore the Viet Cong must make every effort to win before March.
