Mr. President:

Herewith Westy reports an extremely successful use of intelligence to identify and attack with B-52's the nsw, recently established senior headquarters west of the DMZ.

(Some of our best analysts suspect Gen. Glap may have taken personal command of this installation.)

Westy believes the attack may "at least delay" the major offensive in Northern I Corps.

W. W. Rostow

MAC 01430

*We must hold this attack with highest possible security.

IN REFERENCE TO MY PREVIOUS MESSAGE, I BELIEVE
THAT WE HAVE STRUCK THE MAJOR NVA HQ WHICH CON-
TROLLED ALL ENEMY UNITS IN QUANG TRI AND THUA THIEN
PROVINCE.

CONCOMITANTLY,

THE DMZ AREA

PRESAGING

A MAJOR OFFENSIVE.

I DIRECTED THAT MAXIMUM INTELLI-
GENCE COLLECTION BE TARGETED IN THE AREA. FINALLY,

ON 23 JAN, DETAILED
PHOTO READOUTS, AND CAREFUL PATTERN ANALYSES, THE
TARGET WAS SELECTED. AND, AS YOU KNOW, THE TARGET

WAS STRUCK AT 2600Z, 30 JANUARY. SUBSEQUENT
TACTICAL EXPLOITATION AND PHOTO READOUTS UNCOVERED
A LARGE CAVE MEASURING AT LEAST 12 FEET BY 12 FEET.
THIS MAY REPRESENT A PORTION OF THE MAIN HEAD-
QUARTERS COMPLEX. PRESENT BOMB DAMAGE ASSESSMENT
INDICATES AT LEAST 54 SECONDARY EXPLOSIONS AS A
RESULT OF THE B-52 STRIKE, AND FIRES ARE
NUMBEROUS.

IN SUMMARY, THIS COORDINATED AIR ATTACK
APPEARS TO HAVE BEEN SUCCESSFUL AND MAY HAVE
DISRUPTED OR AT LEAST DELAYED THE ENEMY'S
PLANS TO MOUNT A MAJOR OFFENSIVE IN NORTHERN I CTZ.
