Roy -

Here are a couple more things I found across. There will be more I'm sure. We had a terribly rough mission but we were far down the chain of command. This is as I remember it:

USMACV

USARV

1st Log Cnd

CRB Support Command

CRB Depot

278 SS Bn

109 Air Del Co.

I'll send more later. It is amazing what Kinpo can do with old pictures like the one I got off and so.

Best regards
