efficiently processed and evacuated prisoners of war, refugees and civilian personnel, thereby freeing the combat elements for their tactical mission. Significant among their many accomplishments was their effort in the area of convoy security. Their quick reaction to enemy ambushes and ability to rapidly gain fire superiority were key factors in the low casualty rate sustained by United States Forces during the first logistical move of supplies from Nha Trang to Ban Me Thout. Through their exemplary courage, relentless determination and resourcefulness, the military policemen materially advanced the struggle against communist aggression in the Republic of Vietnam. The remarkable proficiency and devotion to duty displayed by the members of the 272D MILITARY POLICE COMPANY are in keeping with the highest traditions of the military service and reflect distinct credit upon themselves and the Armed Forces of the United States.

Interim changes to this pamphlet are not official unless they are authenticated by The Adjutant General. Users will destroy interim changes on their expiration date unless superseded or rescinded.

1. Purpose. This pamphlet is published to assist commanders and personnel officers in determining or establishing the eligibility of individual members for campaign participation credit, assault landing credit, and unit citation badges awarded during the Vietnam Conflict. Additional unit awards are included for meritorious achievement in the continental United States (CONUS) and other foreign countries.

2. Nature of contents. This pamphlet contains a register of unit citations and campaign participation credits for the Vietnam Conflict and the period of service subsequent to the Vietnam Conflict. Incorporated in this register are the following types of information concerning all affected units:

- a. Campaign participation credits.
- b. Assault landing credits.
- c. Presidential Unit Citations.
- d. Valorous Unit Award.
- e. Navy Unit Commendation.
- f. Meritorious Unit Commendations.
- g. Air Force Outstanding Unit Award.
- h. Foreign unit citations.

3. Arrangement of register. The register is in five parts.

- a. The first part lists Army units numerically.
- b. The second part lists Army units in alphabetical order.
- c. The third part lists awards, both alphabetically and numerically, to units of other Services of the United States.
- d. The fourth part lists awards, both alphabetically and numerically, to foreign units.
- e. The fifth part provides campaign designations for the Vietnam Conflict, including the name and the time limitation of each campaign.

4. Miscellaneous information. a. Not more than one Republic of Vietnam (RVN) Gallantry Cross Unit Citation will be worn by any individual. This precludes wear of the Vietnamese Fourragere which represents additional unit awards of the RVN Gallantry Cross. Although wear of multiple awards of this unit citation badge is not authorized, official military personnel and historical records will indicate all awards received. In those instances, however, where a single unit received duplicate Vietnamese unit awards during the same period, only one will be recorded in official military personnel and historical records. As an illustration, Battery D, 5th Battalion, 2d Artillery, was awarded the RVN Gallantry Cross with Palm during the following periods: 1 September 1968 — 15 March 1969 and 1 September 1968 — 30 September 1970. Members of this unit, who were assigned during either of these two periods, are eligible for only one award.

b. RVN Gallantry Cross Unit Citation takes precedence over the RVN Civil Actions Unit Citation and is beneath all United States unit citations, the Philippine Republic Presidential Unit Citation, Republic of Korea Presidential Unit Citation and Vietnam Presidential Unit Citation. Where an individual has been assigned to a unit which was cited by two or more military command levels in the Republic of Vietnam, the appurtenance worn will be that of the highest level. Only one appurtenance will be worn on each badge. The RVN Gallantry Cross was awarded by the Vietnamese Government for valorous combat achievement in four degrees, as follows:

- (1) With Palm—To a unit which is cited before the Armed Forces.
- (2) With Gold Star—To a unit which is cited before a Corps.

*This pamphlet supersedes DA Pam 672-3, 15 January 1973.

(3) With Silver Star—To a unit which is cited before a Division.

(4) With Bronze Star—To a unit which is cited before a Regiment/Brigade.

c. One bronze service star is authorized for each campaign for combat service within the territorial limits of Vietnam and adjacent waters. It is worn on the Vietnam Service medal. See paragraph 11 for campaign information.

d. Department of the Army General Orders (DAGO) 8, 1974 announced award of the RVN Gallantry Cross Unit Citation with Palm for service in Vietnam to the following units:
