Ray -

Here are a couple more things I have run across. There will be more I'm sure.

We had a terribly important mission but we were far down the chain of command. This is as I remember it:

USMACV

USARV

1st Log Cnd

CRB Support Command

CRB Depot

278 SS Bn

109 Air Del Co.

(over)

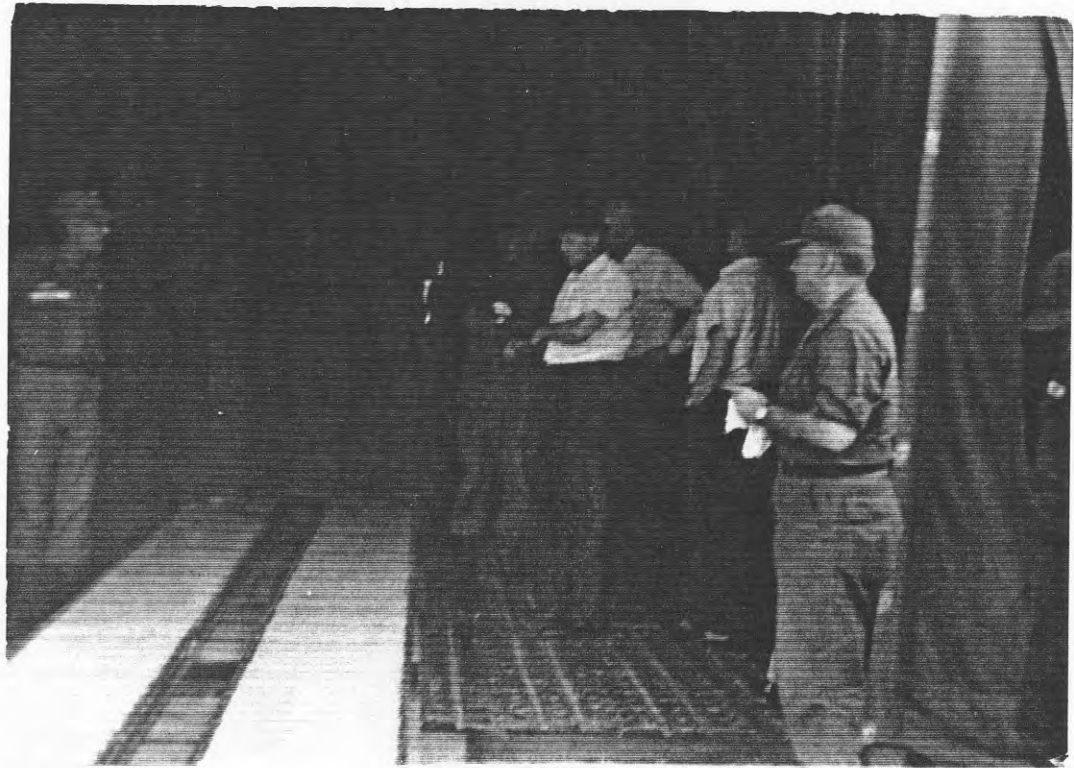

I'll send more
later. It is amazing
what Kinko can do
with old pictures
like the one of the off
and WD.

Best regards

I thought you might like these couple photos of 15c Hoodrid. I talked to him last weekend was it good to catch up. Thanks for getting us back together.

Ray - we all appreciate what you are doing. Thanks for your efforts.
