5:45 p.m. Friday

MR. PRESIDENT:

A secondhand source which I think is accurate but may not be reports that the Gallup Poll being mailed late tonight shows that two-thirds of those polled favor your resumption of bombing. I was also told that preliminary figures on a poll to be published two weeks from now show your popularity increasing.

As I have said these are secondhand reports and not based on the documents which are not yet available, according to my understanding.

Robert E. Kintner
