MILLIONS OF DOLLARS IN TOP SECRET FUNDS WERE ALLOCATED
FOR THESE SPECIAL OPERATIONS WITHOUT ANY ACCOUNTING.

WHO GOT WHAT & WHY REMAINS UNANSWERED !

U.S.A. MIA'S. A Sinister Twist- Veterans News, 1996

Why? One could wonder, would anyone wish to maintain Secrecy about Missing American Servicemen in South East Asia for over 20 years ?

IT JUST DOESN'T MAKE ANY SENSE! WELL MAYBE IT DOES! Especially if Big Dollars were Involved. During the war, the CIA & Defense Department spent Millions of dollars for a Secret Operation called OPLAN 34-A, which hired & funded Vietnamese Commando Activities in North Vietnam.

OPLAN 34-A Hired *THOUSANDS* of Vietnamese Citizens who were ordered to Execute Special Warfare Operations in Enemy Territory.

By 1969, OPLAN 34-A Was being directed by (M.A.C.S.O.G.) Military Assistance Command Studies & Observations Group.

Funded through the USA JOINT CHIEFS OF STAFF.

The entire operation was a Complete Disaster!

NOT A SINGLE COMMANDO EVER MADE IT BACK FROM THE MISSIONS!

The mind set was simple. Send another Team. Send another Team.

NONE WERE EVER EXTRACTED! In late 1969, it became clear that the Operation wasn't working. It was Terminated. Defense Department Officials declared every Commando Is DEAD & Closed the Books, burying it's documents under TOP SECRET LABELS. Those involved with OPLAN 34-A Believed the story would end there, without any accounting of the missing Commandos OR the Millions of Dollars used to Fund them. *WRONG!* Some of these Commandos survived!

The latest estimate is 281 are Alive today. They Want back pay, recognition of their Services & Entry Permits to the United States.

The United States Government REFUSED to admit these people Exist.

Current Speculation is. *THE SAME PEOPLE WHO DECLARED THESE COMMANDOS DEAD ARE THE SAME PEOPLE WHO WROTE OFF AMERICAN SERVICEMEN*

VIETNAMESE COMMANDOS TO RECIEVE COMPENSATION

300 South Vietnamese who fought in a Top Secret USA CIA Special Operations Program during the War were left behind to Die or spend years in Prisons will recieve \$40,000.00 each From the United States Government. (*BETRAYED*)

The Commandos were captured while participating in Operations Code Named OPLAN 34-Alpha & 35 Alpha.

Legislation Providing the Compensation is part of the Defense Department Budget Approved by Congress & Signed by President Clinton September 30, 1996.

Top Secret Documents were Declassified earlier this year at the request of the Los Angeles Times Newspaper.

The Legislation was sponsored by Senator John Kerry, (Democrat-Mass.) A US Navy Vietnam Veteran. The Secret Operations were intended to Disrupt Order in North Vietnam. Surviving Commandos involved spent as much as 17 years in North Vietnamese Prisons.

They Endured Torture & Hardships. Documents Reveal, USA Government Officials Declared the Men were DEAD. Therefore the US Government did not have to continue Paying the Commandos Next of Kin while they were in Prisons. PER the USA Contract with the Vietnamese. *Most of the Vietnamese Commandos now live in Southern California.*

VICTIMS OF VIETNAM LIES. BY; Douglas Waller (Washington)

CODE NAME. OPLAN 34-A

A Team Celebrates before it's Last Mission. ALL DISAPPEARED!

US Military Command Informers warned North Vietnamese about Top Secret Operations. Command still sent Commandos.

Most Missions Compromised. The Commandos were captured & killed or imprisoned & tortured.

USA MILITARY ADMITS DOUBLE CROSSING THEM!

Late Afternoon 26 January, 1967.

A US Air Force CH-53 Helicopter dropped off Pham Ninh Ngoc & 10 South Vietnamese at a clearing in North Vietnam, across the Laotian border. The Team Code Named Hadley was supposed to gather Intelligence on supply convoys traveling the Ho Chi Minh Trail.

Within a day, North Vietnamese Soldiers began rounding up the Commandos. An iron shackle secured to Pham with a stake driven through the flesh of his leg. He was taken North.

In Prison he spent hours hanging upside down in the sun with his jaw held shut by a muzzle.

Rats & cockroaches nibbled at the torn flesh on his leg as he spent his nights in a bare brick cell.

Un heated even when temperature fell to 20 Degrees F.

After all this torture Pham suffered something almost as terrible. (*BETRAYAL*!)

USA Army Officers who Recruited the Commandos Promised.

If they were captured, their Dependents would receive a stipend while they were in prison. The US Army Re-nigged! BETRAYING CAPTURED COMMANDOS! Dependents including, Pham's Family received nothing the 16 years he was held by the North Vietnamese. When he returned home in 1982, his parents thought they were seeing a Ghost.

Pham now 49, lives in Garden Grove, California.

One of 450 South Vietnamese Commandos (Survivors) part of an Operation Code Named OPLAN 34 A the C.I.A. & the Pentagon ran between 1961 & 1968.

200 Commandos living in the United States filed Suit, asking for all Commandos still alive be paid \$2000 for every year spent in prisons. Total, \$11 Million.

2 weeks ago the case broke open when Federal Claims Court forced CIA & Pentagon to De Classify Secret Pay Rosters & Memos. Documents show the US Government declared the Commandos Dead. Although it knew many were still alive. (Money saved withholding the Benefits, used for other Operations.) Official USA Documents Confirm.

Commandos should never have been sent on the Missions.

North Vietnam's Hanoi Agents Penetrated Operations from the beginning, 1961.

Author, Sedgewick Tourison,

a former Defense Intelligence Agency Analyst.

''For years the Agency's Saigon Station *CONTINUED*
to send Teams on Missions even as evidence mounnted.

North Vietnam *ALWAYS* knew where & when they were.

Captured Radio Operators Forced by North Vietnamese
to ask for more Agents, managed to signal CIA Handlers
with Code Words that they were Captured.

Still when S.O.G. Studies & Observation Group took over
OPLAN 34-A in 1964, it sent *HUNDREDS MORE COMMANDOS*
into North Vietnam During the next 4 years.

*ALTHOUGH OFFICERS IN CHARGE OF THE PROGRAMS KNEW
IT WAS RIDDLED WITH ENEMY INFORMANTS!*

IN 1962 CIA Officers began crossing names of
Captured Commandos Off the Pay Rosters.

Telling their Families they were DEAD.

*STUDIES & OBSERVATIONS GROUP OFFICERS
CONTINUED TO BETRAY!''*

George Gaspard, A Green Beret Major in Vietnam,
Commanded Operations Code Named Oplan 34 B.

''I think it's Terrible, I Really Do! As an Agent Handler
it would be Appaling to write somebody off the books!''

CIA & Pentagon Lawyers battled the Commandos for years.

The CIA Cited an 1875 Supreme Court Case used to Fend off
Past Suits by Agents who Claim to have been Cheated.

In that Case, a Civil War Spy was denied back pay.

The Court Ruled it had NO JURISDICTION to Enforce
Secret Contracts for Espionage.

Retired Major General John Singlaub, In Command of the Studies & Observations Group from 1966 to 1968, gives another Defense.

He insists. South Vietnam's Government, not the U.S. decided the Commandos should be taken off the lists.

'' I don't think there is Legal or Moral Justification to accept responsibility. They were not Americans. ''

CIA Director John Deutch accepted responsibility.

''This could ENDANGER Current Operations.

Spies may be less willing to take risks for the CIA if the CIA got a reputation for not paying it's bills.

The CIA feels very deeply that it must take care of the People who work for it. ''

CIA General Counsel Jeffery Smith told Time.

''White House Aides quickly cobbeled together an Ammendment for the Commandos to be paid. ''

A Defense Appropriations Bill now before Congress.

For about the cost of a new Commanche Helicopter.

The Betrayal of Pham Ninh Ngoc & Comrades may finally be REPENTED.
