

President Clinton;

ALOHA,

Please Create an "Amnesty Program" (Cash, Home, Education, Medical, Etc.)  
So Vietnam Veterans & their Families who Deserve Help are Welcome Home!  
After All, Most Vietnam Veterans Suffer (In Silence & Despair)  
The Rages & Pains of Chemical Warfare Exposure & "Hell" Since Vietnam!  
PTSD, Guilt, 30+ Years abandoned by our own Country, Government & V.A.!  
There is No Cure, NO Relief For the Irreversible, Progressive  
Burning Pains or the Mental, Physical, Neurological, Psychological &  
financial Damages to My Children & I! Consider the Damages to America! I DO!  
I am A POW 30+ Years. Are You Aware, Disabled Veterans who Suffer the most  
are Least likely to receive VA benefits they are Entitled to & Deserve?  
After One Honorable Discharge (US Navy) I made the choices, (MY PROTEST)  
TO Re enlist for Rescue Duty In Country VIETNAM For MY Country & Freedom!  
I Still Respect my Choices! As much as I respect the choices YOU made  
about Vietnam, Then & Now for Our Country & Freedom.  
I believe Respect of such choices Helps Create America!  
For what it's worth, you have my Vote & I Hope you are Re elected!  
Thank You for your recent Agent Orange Decisions & The Amnesty Program  
for the Vietnamese Commandos. I Know they deserve it! I Lived & worked  
with Vietnamese Civilians & Commandos in I Corps & Danang, 1966 & 1967.  
How many billions wasted on Vietnam? How many lives?  
The time is long past due for American Veterans to get the help "WE" need!  
My Soul died in Vietnam 1966, 67! As I witnessed men, women, children,  
civilian & military, Vietnamese & American Dead & dieing needlessly. Countless!  
I want to help my family & I & other Veterans before I die! I want to help  
America & Vietnam! Please understand! So many Veterans are dead.  
Dieing homeless, hopeless, in prisons, lost in other ways.  
A result of Vietnam & Chemical Warfare. In Fact, for most there is No  
" Paper Trail" of Military or Civilian Records. No Medical Reports of  
30 years of lost Life & Happiness ! Replaced by increasing physical &  
mental pain, Disabilities, poverty & A National Disgrace that Prevents  
ANY Healing & Trust in America! Who could afford Doctors & Lawyers  
for 30 years of Government & VA Denial & Neglect of Responsibilities  
for the Losses it cost Every Vietnam Veteran, Thier Families & AMERICA!

ALOHA & MAHALO,

Jack Bondurant
