

Monday

16 Oct. 67

Dear Sue,

I can't tell you how many times I've thought about you and have meant to write, please forgive the long delay!

Ed hears from Barry soon after we arrived here and he sent your address. Since then I've received it from Mary O and Andrea along with news about you. He are always so happy to hear from and about old friends and especially about "our" 319th! I have been very bad about writing but am determined to improve.

I'm not too sure any of this will be news to you but thought I'd pass on what info I've had lately from or

about people from Campbell. Col. Tallow
 is going to V.N. with the rest of the
 101st (leaving Nov. or Dec.) He is now
 the Div. Chief of Staff - Col. Cushman now
 has one of the Brigades & will take it
 over. I don't know for sure where
 either Mrs. Fox or Mrs. C. plan to stay but
 Barbara Tallow still writes to Eddie &
 says they're still thinking of coming
 here to Carlisle for the year. Of course,
 Eddie would love that, only trouble is
 he won't want to leave here in June!

Guess you've heard that quite a few
 of the 319th are at Ball now, some
 going to the Career Course (Overhage,
 Simpsons, Williams) others with
 units there (Snowden, Cook &
 Canaway) - Campbells ^(Hale & Flo) are due there

on his return from V.M. in Dec.

The Lanes are in Japan, Jim came home early (May) as Gen. Crittenberger's aide. Gen. Averby has been assigned to the Army School so they'll stay at Hill. Haven't heard about any orders for the 11th except Hank Van Gorder - he's due home any day now & they're going to the Islands in Calif. Wendy seems quite pleased & of course they're delighted that Hank made the Major's list below the zone!

Carolyn Funcher is in Columbus Ga & Jerry back in V.M. - with the 1st Brigade 101st. Don't know for sure if you heard but Ed came home early because of being selected for the War College. Quite

a surprise and such a nice place to be. We get to play alot of golf & are both improving. We got Eddie checked for his birthday on Sat. - Ed took him out & promptly got badly beaten. We all played Sunday and enjoyed it but I can still only manage nine holes. The rest of the family is fine - Patsy growing up much too quickly - loads of fun and a delight for all. Imagine Beth and Anne are quite the young ladies by now.

Major McCloy has orders for Panama - his due home early in January. Imagine they're all pleased about that assignment - Joanne & children have been staying in Mass. but I haven't heard from

them since we left Campbell last Nov.

We got to see Andrea in Aug. just before coming here. That was before the baby was born and I've been hoping to get to see her and Susan - mine about a 3 hr. drive from her and will stop by when we're on our way to Jersey - probably over the holidays.

Please let me know if there's anything you need or would like from the PX or anywhere for that matter - would be happy to get anything for you or for Barry if you'd like us too. Don't hesitate to let me know.

Well, please, especially if I could get some things for you to send for

Christmas or if you want
regardes, film or anything —
No trouble & I have loads of time —
besides I'd have to do something.

Remember us all to Barry &
be sure & say hello to your mother
for me. Take care and write
when you have a chance.

Truly,
Joan.
