

# PCAM's HUEY Crew Hosts Reunion Rotorheads with BBQ

*"I thought  
I was just going to see  
some museum helicopter,  
but as soon as  
I touched it,  
it was so much more."*

Phil Williams and the Bell UH-1H crew did PCAM proud as they expertly prepared the Huey for display to the Vietnam Helicopter Veterans Reunion held in San Francisco July 2-6. A bus load of vets and spouses came north to the wine country on Saturday and stopped at our museum for a BBQ and reunion with the aircraft of their affections. It was clear that they were true rotorheads, as only a handful of them even looked at any of our fixed-winged displays.

A great afternoon was had by all, climaxed by group photos around the Huey painted just as they remembered. PCAM crew member **Dick Detra** made sure that no one blocked the special Company markings.

## Sonoma County Aviation Association

hosts

### The Next BBQ at PCAM

### Saturday, July 16th 4pm 'til dusk

Come and enjoy some FREE succulent tri-tip,  
meet other airport supporters  
and hear what the association is pursuing.
