

To promote the

acquisition, restoration, safe operation and display of historical aircraft

June 29, 1999

Dick Detra

Brisbane, CA

Dear Dick,

Many thanks to you and your fellow flyers regarding the donation of 188th A.H.C. Black Widows/Spiders artifacts and unit related articles.

The Board of Directors and members wish to thank you for the insight into your unit's activities and more importantly the specific history for our "Huey".

The maps, WWII clippings, bayonets, photos and such are excellent for museum display.

Our registrar will contact you in the near future to complete the appropriate registration paperwork.

Thanks again for your thoughtfulness and please pass our grateful thanks to other warriors who served in your company.

Sincerely,

Gary H. Fuquay
Manager/Curator
