Since its inception in 1965, the group's six combat aviation battalions and one air cavalry squadron set new highs in flying hours (498,899), troops lifted (2,066,294) and tons of cargo carried (282,386). In conducting their extremely essential mission, units of the group ranged the length and breadth of the republic, participating in 105 United States and Free World Military Assistance Forces and 412 Army of the Republic of Vietnam operations. To keep abreast of the demands of an ever changing tactical situation, the 12TH AVIATION GROUP tested new equipment and integrated feasible concepts into its inventory, thus refining the tactics and techniques of airmobile operations. By initiating a survival/escape and evasion program, the group provided aircrrews with training essential to surviving in a hostile environment. The overall superb aviation support rendered by this unit has significantly enhanced counterinsurgency aims in the Republic of Vietnam. The remarkable proficiency and devotion to duty displayed by the members of the 12TH AVIATION GROUP are in keeping with the highest traditions of the military service and reflect distinct credit upon themselves and the Armed Forces of the United States.

Authority: By direction of the Secretary of the Army, under the provisions of paragraph 203, AR 672-5-1.
