Top and X.O were buddies - Lister had shipped 40 refrigerators
re making machine (1 10K generator) Koreans had our generator. ^{we had a serial #}
The word got back to the Koreans that Sites was on the prowl to find our other
10K generator. Koreans met him at the "WEB" and told him they did
have the generator ~~and~~ ^{they} returned the entire company for us. no problem -
we borrow - they brought it back.
