Jim/Dick, I tend to agree with Jim. Yellowstone was a single operation. All the others were conducted over a long period of time. This was a one shot in and out for the airmobile part. Yellowstone went on for a longer period like the others on the ground but the original airmobile insertion on a one shot deal was the largest that I believe can be recorded. Thx, Z PS
Did not get a copy of the final draft. Thx, Z

I think the big difference between the Airmobile operation in YELLOWSTONE and the operations in Laos and Cambodia was that the latter two covered a longer period of time. Dont really know. Am sending this to John also to see if he knows. John????? Best to both JHM
