

Dick,

I am sending a business card with the gmail address I put on the back. I wanted to do this so when we hand out the cards to Soldiers they can email us back. Hopefully they will be able to send us pictures they take and if so I will forward them off to you. Everyone did like the socks and the sausage and don't worry about sending any CP's for a while you have sent enough. Take care of your wife and moving your stuff. Hope you enjoy your new place in Oregon.
