

BLACK HAWK

27 Nov 95

Dick,

Sorry it's taking so long, but as I said on the phone, I've got many requirements. I just got off convalescence leave from being given surgery.

To add to that my company had moved from one part of the airfield to another. In the process, I ~~was~~ still have yet to find some of my stuff. The move occurred while I was on leave and I couldn't coordinate the moving of my gear. My historical stuff was with my company moving stuff. So, I'm going to have to go back to the Museum & re-copy all the stuff I had already copied.

I know how ~~on~~ ~~in~~ much you want the pictures, so I decided to go ahead and send them to you with a few other things.

If I can find the folder with all the stuff I'll mail it. Otherwise it will take me a little longer to get this stuff out. Take care & I'll be in touch.

From the desk of TJ. Fagan
