Dick,

I really appreciate all the support you and your wife have sent our way. Everyone loved the letters - it's always good to hear old stories that we can associate with. Here's the tail numbers of our aircraft: 351, 435, 441, 446, 449, 450, 455, 477, 485, 509, 512, 515, 527, 539, and 545. We're having a Christmas party on the 25th, and I'll get lots of pictures to send back to everyone. We're still busy as hell, but with all the redeployment prep there's some light at the end of the tunnel. As far as the flag ceremony goes, we'll have to try and give it enough lead time so that you can try to make it to Fort Campbell - may be in the too hard, but we'll give it the old BW try! Take care and thanks for everything.

Mate & Kill,
CPT Blevins
