Dick,

We closed our last aircraft and crews into Kuwait on the 3rd, and we're in the process of cleaning and preparing our equipment for the boat ride home now. The company should be closed on Campbell by the 20th or 21st, and then we're going to take block leave before we get too involved in anything else. I'm going to plan the awards ceremony for mid to end of April, and I'll be sure to keep you posted on that timeline. I had planned to present the 188th colors there, and it would be awesome to have a former BW06 present. Take care and I'll keep you posted.

CPT Blevins
