

UNITED STATES OPERATIONS MISSION TO VIETNAM

AMERICAN EMBASSY
SAIGON VIETNAM

Dear Mr. Flanagan,

How do you do Sir? It's very privileged for me to write this small letter to you. We all are in very good health here in Baumethuot, specially my family too. Mr. Noi, who, I think, will come and see you, is now stoped working for USOM at Daulai. The cause is this: when he went to National Police to have his police clearance made, the police then took him to the sector for drafting because he is in the age to draft. But when He went to Nhatrang for entering the army, he was sent back because of his eyes (health condition). He sent a letter to Mr. Cormier said that he will come back to work, before his return to Bmt. But Mr. ~~Cormier~~ had already another mason in his place. So Mr. Noi^{job} has to be ~~sterminated~~ terminated. So now he needs your help to be in job again. And if possible, we all like to have him working with us in Bmt.

In closing, I pray God to bless you and take care of you every day

Respectfully yours

Ydylue
