NON-STOP COMMITMENT TO QUALITY

Stapimex have been continuously committing to produce and supply high quality frozen seafood products for export. Blessed with ideal geographical location as the center of the largest Black Tiger shrimp cultivation areas, raw materials receiving at Stapimex are of the best quality. Appropriate quality management procedures: GMP, SSOP, HACCP plans, have been implemented at processing plants ensuring the highest possible level of hygiene, freshness and natural taste of finished products. Stapimex have been upgrading processing facilities meeting market demands for raw frozen shrimps, value-added shrimp products or customer's tailor-packed products. Stapimex are confident of firm and non-stop commitments to all business partners for consistent quality and competitiveness of our frozen seafood products.
