Federal Benefits for Veterans and Dependents

America is #1 Thanks to our Veterans

January 1984

Federal Benefits for Veterans and Dependents

IS-1 Fact Sheet, January 1, 1984

VETERANS BENEFITS INFORMATION TOLL-FREE

Veterans Administration benefits counselors are as near as your telephone. Toll-free benefits information is available to all veterans at VA regional offices. See the listing of VA facilities in the back of this booklet or check your local telephone directory under United States Government, Veterans Administration, for the benefits information number in your area—or ask your directory assistance operator. Other sources that provide information about benefits are service organizations and State and local offices of veterans affairs.

PRISONERS OF WAR TOLL-FREE NUMBER

A national 24-hour toll-free number — 800 821-8139 — offers specialized assistance for former prisoners of war. Calls received in Washington, D.C., after normal office hours are recorded for response the next business day.

The POW information line supplements the toll-free service for all veterans at regional offices and complements assistance provided by POW coordinators at all VA medical centers.

For additional information, please see pages 2, 5 and 11 of this booklet. VA pamphlet 27-82-1 on benefits for former POWs is available from VA (27), Washington, D.C. 20420.

WOMEN VETERANS

Women veterans are entitled to the same benefits as men veterans. Public Law 98-160, enacted November 21, 1983, assures that appropriate care is provided in a timely fashion to any eligible woman veteran for any gender-specific disability. This care is provided either at VA facilities or it is made available through VA contracts with private health care providers or sharing agreements with other health care agencies and facilities.

CONSUMER INFORMATION

Veterans and their families are VA's consumers and VA constantly strives to improve its service to them. By their distinguished service to our country, millions of men and women have earned a wide range of benefits for themselves, their dependents, and their beneficiaries. The goal of the VA is to provide these benefits as efficiently and as courteously as possible.

For consumer information, please see pages i, iv, and 52-72.

VETERANS BENEFITS TIMETABLE

YOU HAVE (after separation from service)	BENEFITS	WHERE TO APPLY
10 years or until Dec. 31, 1989, whichever comes first.	GI EDUCATION: The VA will pay you while you complete high school, go to college, or learn a trade, either on the job or in an apprenticeship program. Vocational and educational counseling is available.	Any VA office
10 years	VETERANS EDUCATIONAL ASSISTANCE PROGRAM: The VA will provide financial assistance for the education and training of eligible participants under the voluntary contributory education program. Vocational and educational counseling is available upon request.	Any VA office
12 years, although extensions are possible under certain conditions	VOCATIONAL REHABILITATION: As part of a rehabilitation program, the VA will pay tuition, books, tools or other expenses and provide a monthly living allowance. Employment assistance is also available to help a rehabilitated veteran get a job. A seriously disabled veteran may be provided services and assistance to increase independence in daily living.	Any VA office
No time limit	GI LOANS: The VA will guarantee your loan for the purchase of a home, manufactured home, or condominium.	Any VA office
No time limit	DISABILITY COMPENSATION: The VA pays compensation for disabilities incurred or aggravated during military service. Payments are made from date of separation if claim is filed within 1 year from separation.	Any VA office
1 year from date of mailing of notice of initial determination	APPEAL TO BOARD OF VETERANS APPEALS: Appellate review will be initiated by a notice of disagreement and completed by a substantive appeal after a statement of the case has been furnished	VA office or hospital making the initial determination.
No time limit	MEDICAL CARE: The VA provides hospital care covering the full range of medical services. Outpatient treatment is available for all service-connected conditions, or nonservice-connected conditions in certain cases. Alcohol and drug dependence treatment is available.	Any VA office
Time varies	BURIAL BENEFITS: The VA provides certain burial benefits, including interment in a national cemetery and partial reimbursement for burial expenses.	VA National Cemetery having grave space, any VA office
No time limit	READJUSTMENT COUNSELING: General or psychological counseling is provided to assist in readjusting to civilian life.	Any Vet Center, VA office or hospital
Within 90 days of separation	ONE-TIME DENTAL TREATMENT: The VA provides one-time dental care for certain service-connected dental conditions	Any VA office or hospital
No time limit	DENTAL TREATMENT: Treatment for veterans with dental disabilities resulting from combat wounds or service injuries and certain POWs and other service-connected disabled veterans.	Any VA office or hospital
1 year from date of notice of VA dis- ability rating	GI INSURANCE: Low cost life insurance (up to \$10,000) is available for veterans with service-connected disabilities. Veterans who are totally disabled may apply for a waiver of premiums on these policies	Any VA office
120 days or 1 year with evidence of insurability; or up to 1 year if totally disabled	VETERANS GROUP LIFE INSURANCE: SGLI may be converted to a 5-year nonrenewable term policy. At the end of the 5-year term, VGLI may be converted to an individual policy with a participating insurance company.	Office of Serv- icemen's Group Life Insurance 213 Washington St. Newark, NJ 07102 or any VA office
No time limit	EMPLOYMENT: Assistance is available in finding employment in private industry, in Federal service and in local or state employment service.	Local or state employment serv- ice, U.S. Office of Personnel Manage- ment, Labor Department. Any VA office
Limited time	UNEMPLOYMENT COMPENSATION: The amount of benefit and payment period vary among States. Apply the after separation.	State employment service
90 days	REEMPLOYMENT: Apply to your former employer for employment.	Employer
30 days	SELECTIVE SERVICE: Male veterans born in 1960 or later years must register.	At any U.S. Post Office; overseas at any U.S. Embassy or Consulate.

ELIGIBILITY

Type of discharge. All VA benefits (with the exception of insurance and certain medical benefits) payable to veterans or their dependents require that the particular period of service upon which entitlement is based be terminated under conditions other than dishonorable. *Honorable* and *general* discharges qualify the veteran as eligible for benefits. *Dishonorable* discharges and *bad conduct* discharges issued by general courts martial are a bar to VA benefits. Other *bad conduct* discharges and discharges characterized by the service departments as *other than honorable* may or may not qualify depending upon a special determination, made by the VA, based on the facts of each case, as to whether the veteran was separated from service under "dishonorable conditions" or "other than dishonorable conditions." (See "Review of Discharges.")

The law generally denies benefits to people originally enlisting in military service after September 7, 1980, and to all other people entering military service after October 16, 1981, who do not complete the shorter of (1) 24 months of continuous active duty, or (2) the full period for which the person was called or ordered to active duty. This provision does not apply to veterans who have a compensable service-connected disability or who were discharged close to the end of an enlistment term (10 U.S.C. 1171), for reasons of hardship, or for a disability incurred or aggravated in line of duty. It also does not apply to insurance benefits, or the provision of any benefit for, or in connection with, a service-connected disability, condition, or death.

PRISONERS AND PAROLEES

Veterans in prison and parolees may still be entitled to certain VA benefits. For further information write or call the nearest VA office listed in this booklet. Prisoners may also get information from prison officials.

INFORMACIÓN PARA LOS VETERANOS DE HABLA HISPANA Y SUS DEPENDIENTES

Si necesita información o ayuda en la solicitud de los beneficios dispuestos por ley para veteranos y/o dependientes escriba, llame o visite cualquiera de las Oficinas de la Administración de Veteranos que aparecen al final de este folleto, o si desea puede ponerse en contacto con el representante de una de las organizaciones de veteranos de su localidad. Cualquier solicitud para servicios médicos puede hacerse en uno de los hospitales o clínicas externas de la Administración de Veteranos.

En aquellos estados donde hay una gran concentración de veteranos y dependientes de habla hispana las Oficinas de la Administración de Veteranos tienen consejeros bilingües que le ayudarán en la solicitud de cualquier beneficio de veteranos. Además se encuentra disponible en las oficinas regionales de la Administración de Veteranos o en la Oficina Central (272), localizada en 810 Vermont Avenue, N.W., Washington, D.C. 20420, un breve folleto titulado "Sus Beneficios" el cual puede obtenerse gratis.

SCOPE OF THIS BOOKLET

This edition of *Federal Benefits for Veterans and Dependents* contains an unofficial summary of such benefits as of January 1, 1984. This summary does not have the effect of laws or regulations.

VA BENEFITS COMPENSATION

For All Veterans With Service-Connected Disabilities

Eligibility

Veterans who are disabled by injury or disease incurred or aggravated during active service in line of duty during wartime or peacetime service and discharged or separated under other than dishonorable conditions (see page iv).

Nature of Benefit

Veterans who are found to be eligible for disability compensation are entitled to monthly payments. These range from \$62 for a 10 percent degree of disability to \$1,213 for a 100 percent disability rating.

COMPENSATION FOR SERVICE-CONNECTED DISABILITY

Cost of Living Increase Expected with May 1, 1984, Payment

	Rate
(a) 10 percent	\$ 62
(b) 20 percent	114
(c) 30 percent	173
(d) 40 percent	249
(e) 50 percent	352
(f) 60 percent	443
(g) 70 percent	559
(h) 80 percent	648
(i) 90 percent	729
(j) Total disability	1,213

In addition, specific rates, up to \$3,461 per month, are paid when the eligible veteran is adjudged to have suffered certain specific, severe disabilities. These are all decided on an individual basis.

Allowances for Dependents

Veterans whose service-connected disabilities are rated at 30 percent or more are entitled to additional allowances for dependents. (The additional amount is determined according to the number of dependents and the degree of disability.)

In lieu of the additional compensation payable on account of a spouse, a disabled

veteran evaluated 30 percent or more is entitled to receive an allowance for a spouse who is in need of the aid and attendance of another person. The maximum amount of \$134 is payable to a 100 percent disabled veteran with proportionately reduced amounts payable to veterans evaluated from 30 to 90 percent disabled.

Prisoners of War

Former prisoners of war who were incarcerated for at least 30 days are entitled to a presumption of service connection for disabilities resulting from certain diseases if manifested to a degree of 10 percent at any time after active service, including psychosis and the anxiety states, regardless of when first shown. These presumptions may be rebutted by proof of other intervening causes.

AUTOMOBILES OR OTHER CONVEYANCES

For Veterans and Current Service Personnel

Eligibility

Veterans and current service personnel with service-connected loss, or permanent loss of use, of one or both hands or feet, or permanent impairment of vision of both eyes to a prescribed degree.

For adaptive equipment eligibility only, veterans entitled to compensation for ankylosis of one or both knees, or one or both hips, also qualify.

Nature of Benefit

For the automobile or other conveyance: A one-time payment by the VA of not more than \$4,400 toward the purchase of an automobile or other conveyance.

For adaptive equipment: Payment for the adaptive equipment, its repair, replacement or re-installation required because of disability for the safe operation of the vehicle purchased with VA assistance or for a previously or subsequently acquired vehicle.

Where To Apply. Any VA Office.

CLOTHING ALLOWANCE

All Eligible Veterans

Eligibility

Any veteran who is entitled to receive compensation for a service-connected disability for which he or she wears or uses prosthetic or orthopedic appliances, including a wheelchair, which the VA determines tends to wear out or tear clothing, has entitlement to this benefit.

Nature of Benefit. Annual clothing allowance of \$327.

Where To Apply. Any VA office.

PENSION

For Veterans of Mexican Border Period, World War I, World War II, Korean Conflict Period and Vietnam Era With Nonservice-Connected Disabilities

Eligibility

For wartime veterans with limited income discharged under other than dishonorable conditions (see page iv) after 90 or more days service (or separated from service earlier because of a service-connected disability) who are permanently and totally disabled from reasons not traceable to service, nor due to wilful misconduct or vicious habits. Veterans 65 years of age or older and not working are considered permanently and totally disabled. Pension is not payable to those who have estates that can provide adequate maintenance.

Periods of Wartime Service for Pension Eligibility:

Mexican Border Period—May 9, 1916, through April 5, 1917, in the case of a veteran who during such period served in Mexico, on its borders, or in adjacent waters.

World War I—April 6, 1917, through November 11, 1918; extended to April 1, 1920, for those veterans who served in Russia; also extended through July 1, 1921, for those veterans who served after November 11, 1918 and before July 2, 1921, provided that such veterans had at least one day of service after April 5, 1917 and before November 12, 1918.

World War II—December 7, 1941, through December 31, 1946.

Korean Conflict—June 27, 1950, through January 31, 1955.

Vietnam Era—August 5, 1964, through May 7, 1975.

AID AND ATTENDANCE OR HOUSEBOUND

A veteran who is a patient in a nursing home or otherwise determined to be in need of the regular aid and attendance of another person, or is permanently housebound, may be entitled to higher income limitations or additional benefits, depending on the type of pension received.

IMPROVED PENSION

Effective December 1, 1983, the improved pension program provides for the following annual rates, generally payable monthly, reduced by the amount of the annual countable income of the veteran, spouse and dependent children, if any.

Veteran without dependent spouse or child	\$5,515
Veteran with one dependent (spouse or child)	\$7,225

Veteran in need of regular aid and attendance without dependents	\$8,823
Veteran in need of regular aid and attendance with one dependent	\$10,533
Veteran permanently housebound without dependents	\$6,741
Veteran permanently housebound with one dependent	\$8,451
Two veterans married to one another	\$7,225
Veterans of World War I and Mexican Border Period add to the applicable annual rate	\$1,245
Increase for each additional dependent child	\$935

Reduction While in Hospital, Nursing Home or Domiciliary

When a veteran without a spouse or a child is being furnished domiciliary care by the VA, the pension is reduced to an amount not in excess of \$60 per month after two full calendar months of care, or if furnished hospital or nursing home care the reduction will be after three full calendar months of care, unless the hospital or nursing home care is being continued for the primary purpose of providing the veteran with a prescribed program of rehabilitation services.

PROTECTED PENSION PROGRAMS

Pensioners entitled to benefits as of December 31, 1978, who do not elect to receive pension under the improved pension program shall continue to receive pension benefits at the same rate as they were entitled to receive on December 31, 1978, as long as they remain permanently and totally disabled, they do not lose a dependent or their incomes do not exceed the adjusted income limitation. The income limitation is increased yearly based on changes in the Consumer Price Index.

SECTION 306 (PUBLIC LAW 86-211) PENSION

Income

Countable income includes all income received by the individual, less specific exclusions. The income received by the veteran's spouse is countable income under certain circumstances. The income limitations are \$6,273 for a veteran with no dependents and \$8,435 for a veteran with dependents.

Reduction While in Hospital, Nursing Home or Domiciliary

The restrictions which apply under improved pension also apply to the section 306 pension.

OLD LAW PENSION—ENTITLEMENT PRIOR TO JULY 1, 1960

Income

Countable income includes all income received by the individual, less specific exclusions. The income of the veteran's spouse is not countable. The income limitations are \$5,490 for a veteran with no dependents and \$7,919 for a veteran with dependents.

Reduction While in Hospital, Nursing Home or Domiciliary

When a veteran without a spouse or child is being furnished hospital, nursing home or domiciliary care by the VA, the pension is reduced to \$30 or 50 percent of the amount of pension payable, whichever is greater, after 6 full months of care. Payment of the amount withheld may be made upon termination of hospitalization.

HOSPITALIZATION

All Veterans

Eligibility—General

Discharge or release from the active military service under conditions other than dishonorable (see page iv).

General Admission Priorities:

First—Veterans needing hospitalization because of injuries or disease incurred or aggravated in line of duty in active service have top priority for admission for treatment of the service-incurred or service-aggravated disability.

Second—Veterans who were discharged or retired for disability incurred or aggravated in line of duty or who are receiving compensation, or would be eligible to receive compensation, except for receipt of retirement pay, who need treatment for some ailment not connected with their service, will be admitted as beds are available.

Third—Veterans who were not discharged or retired for disability or are not receiving compensation, and who apply for treatment of a nonservice-connected disability may be admitted to a VA hospital (1) if hospitalization is deemed necessary, (2) if they are unable to defray the cost of necessary hospital charges elsewhere and (3) if beds are available. NOTE: The "Inability to Pay" requirement does not apply to any veteran who is 65 years of age or older, is in receipt of VA pension, is eligible for Medicaid, is rated service-connected, or is a former POW. Also the requirement does not apply to veterans requesting medical services in connection with exposure to dioxin or exposure to a toxic substance in a herbicide or defoliant (such as Agent Orange) used for military purposes in Vietnam, August 5, 1964, through May 7, 1975; or to veterans requesting medical services in connection with exposure to ionizing radiation from the detonation of a nuclear device as a result of participation in either the testing of such a device or the American occupation of Hiroshima or Nagasaki, Japan, between September 11, 1945, and July 1, 1946.

Where To Apply. Any VA medical facility.

AGENT ORANGE OR NUCLEAR RADIATION EXPOSURE

Public Law 97-72 authorizes the Veterans Administration to "provide certain health care services to any veteran of the Vietnam Era (August 5, 1964 through May 7, 1975) who, while serving in Vietnam, may have been exposed to dioxin or to a toxic substance in a herbicide or defoliant used for military purposes. Health care services may not be provided, under this law, for the care of condi-

tions which are found to have resulted from a cause other than exposure to these substances.”

The VA has a continuing program for examining veterans who are concerned about the possible health effects of Agent Orange or nuclear radiation exposure. The findings of these examinations are entered into a registry. Vietnam veterans and those veterans concerned about radiation exposure are encouraged to request an examination at their nearest VA health-care facility. A veteran who participates will receive a comprehensive physical examination and be asked to complete a questionnaire about service experience. Following the examination, the veteran will be advised of the results. The examination could help to detect any illness or injury the veteran may have, regardless of origin, and may provide a basis for follow-up.

The same process is available for any veteran who is found to have been exposed while serving on active duty to ionizing radiation from the detonation of a nuclear device in connection with the veteran's participation in the test of a nuclear device or with the American occupation of Hiroshima and Nagasaki, Japan during the period beginning on September 11, 1945, and ending on July 1, 1946.

The veteran should contact the nearest VA medical center for an examination. An appointment can be arranged, generally within two to three weeks.

MEDICAL CARE FOR DEPENDENTS OR SURVIVORS

The Civilian Health and Medical Program of the Veterans Administration (CHAMPVA) is a medical benefits program through which the VA helps pay for medical services and supplies obtained from civilian sources by eligible dependents and survivors of certain veterans. The following persons are eligible for CHAMPVA provided they are not eligible for medical care under CHAMPUS or Medicare:

- The spouse or child of a veteran who has a total disability, permanent in nature, resulting from a service-connected disability;
- The surviving spouse or child of a veteran who died as a result of a service-connected disability, or who at the time of death had a total disability, permanent in nature, resulting from a service-connected disability;
- The surviving spouse or child of a person who died while on active duty. This includes the surviving spouse who remarried and the subsequent marriage was terminated.

Normally, care under the CHAMPVA program will be provided in non-VA facilities. VA facilities may be utilized for treatment when: (1) they are equipped to provide the care and (2) use of these facilities does not interfere with care and treatment of veterans.

Where To Apply. Any VA medical facility.

MEDICAL CARE FOR FORMER MEMBERS OF THE GOVERNMENT OF CZECHOSLOVAKIA OR POLAND

Eligibility

Public Law 94-491 authorizes the VA to provide hospitalization, outpatient and domiciliary care to certain former members of the armed forces of the Government of Czechoslovakia or Poland who participated while serving during

World War I and II in armed conflict against an enemy of the United States and who have been citizens of the United States for at least 10 years.

Benefits are the same as those provided to United States veterans.

Where to Apply. Any VA medical facility.

NURSING HOME CARE

All Veterans

Purpose

To provide skilled or intermediate type nursing care and related medical care in VA or private nursing homes for convalescents or persons who are not acutely ill and not in need of hospital care.

Eligibility

For admission or transfer to VA Nursing Home Care Units, it is essentially the same as for hospitalization. Direct admission to private nursing homes at VA expense is limited to (1) veterans who require nursing care for a service-connected disability after medical determination by the VA, and (2) any person in an Armed Forces hospital who requires a protracted period of nursing care and who will become a veteran upon discharge from the Armed Forces. VA may transfer hospitalized veterans who need a protracted period of nursing care to a private nursing home at VA expense. Normally VA authorized care may not be provided in excess of six months except for veterans whose hospitalization was primarily for a service-connected disability.

General Admission Priorities:

Veterans in need of care in a VA Nursing Home Care Unit may be admitted or transferred according to the following priorities:

First—Veterans receiving hospital or domiciliary care in VA facilities when transfer is required for service-connected or adjunct disabilities and persons being furnished care in Armed Forces hospitals who will require a protracted period of nursing home care upon release therefrom, and will become veterans on discharge from active military service.

Second—Veterans not hospitalized or domiciled by VA who require nursing home care for service-connected or adjunct disabilities.

Third—Veterans with a service-connected disability who are receiving VA hospital care and require nursing home care for nonservice-connected disabilities.

Fourth—Veterans with a service-connected disability not hospitalized by the VA who require nursing home care for nonservice-connected disabilities.

Fifth—Veterans receiving hospital or domiciliary care in VA facilities whose

transfer is required for nonservice-connected disabilities.

Sixth—Veterans not hospitalized or domiciled by VA who require nursing home care for nonservice-connected disabilities.

Where To Apply. Any VA office.

ALCOHOL AND DRUG DEPENDENCE

All Veterans

Eligibility—General

Discharge or release from active military service under conditions other than dishonorable (see page iv).

Nature of Benefit

After hospitalization for alcohol or drug treatment, veterans may be eligible for outpatient care, or may be authorized to continue treatment or rehabilitation in facilities such as halfway houses, therapeutic communities, or mental health centers at VA expense.

Where to Apply

See Alcohol Dependence Treatment and Drug Dependence Treatment in index.

DOMICILIARY CARE

For Veterans Who Have a Permanent Disability

Purpose

To provide care on an ambulatory self-care basis for veterans disabled by age or disease who are not in need of acute hospitalization and who do not need the skilled nursing services provided in nursing homes.

Eligibility

Veterans of the various military services who were discharged for a disability or are in receipt of disability compensation and suffering from a permanent disability, have no adequate means of support, are incapacitated from earning a living and meet certain other requirements. Veterans with nonservice-connected disabilities that incapacitate them from earning a living, but which are not so severe as to require hospitalization, are also eligible if they are unable to defray the expense of domiciliary care and if they meet certain other requirements for residence in a domiciliary.

Where To Apply. At any VA office. Prior approval needed for admission.

OUTPATIENT MEDICAL TREATMENT

All Veterans

Purpose

To provide necessary medical services to eligible veterans on an outpatient basis within the limits of Veterans Administration facilities.

Nature of Benefit

Outpatient medical treatment includes medical examination and related medical services including rehabilitation, consultation, professional counseling, training and mental health services as necessary in connection with treatment of physical and mental disabilities.

As part of outpatient medical treatment, veterans may be eligible for home health services necessary or appropriate for the effective and economical treatment of disabilities, including such home improvements and structural alterations as are determined necessary to assure the continuation of treatment or to provide access to the home or to essential lavatory and sanitary facilities. Cost limitations apply to these improvements and structural alterations.

Eligibility

1. Any veteran, for a service-connected disability.
2. Any veteran discharged or released from the active military, naval or air service for a disability incurred in line of duty, for that disability.
3. Any veteran with a service-connected disability rated at 50 per cent or more, for any medical condition.
4. Any veteran of World War I or the Mexican Border period, any veteran in receipt of aid and attendance or housebound benefits, or any former POW for any medical condition.
5. Spanish-American War veterans, for any disability.
6. Certain disabled veterans participating in a rehabilitation program under chapter 31, title 38, U.S. code.
7. Any veteran eligible for hospitalization, for medical services on an ambulatory care basis when such services are reasonably necessary in preparation for hospital admission or to make the need for hospital admission unnecessary.
8. Any veteran who has been granted hospital care, medical services reasonably necessary to complete treatment incident to such hospital care.
9. Commonwealth army veterans and new Philippine scouts for service-connected disabilities.

Eligible veterans may be furnished drugs or medicine ordered on prescription.

Where To Apply. Any VA office.

READJUSTMENT COUNSELING SERVICES

Vet Centers for Vietnam Era Veterans

Eligibility

Veterans who served on active duty during the Vietnam era may be provided counseling to assist the veteran in readjusting to civilian life. Application for counseling may be made any time.

Nature of Benefit

The intent of the readjustment counseling services program is to provide counseling services to those Vietnam era veterans who have encountered readjustment problems following their involvement in the military service during the Vietnam era.

Readjustment counseling services include a general assessment to ascertain whether the veteran has identifiable social or psychological problems stemming from his/her military service during the Vietnam era. Readjustment counseling services include individual counseling, group counseling, and family counseling. If the services requested by the veteran are beyond the authorized mission of the readjustment counseling program, the veteran requesting such services will receive support and assistance in obtaining the needed services.

Most readjustment counseling services are provided in Vet Centers located in the community outside of existing VA facilities. However, some VA medical centers will have approved programs of readjustment counseling services available. Veterans seeking readjustment counseling services at a VA medical center should determine the availability of services prior to coming to the medical center and requesting readjustment counseling services. In areas where VA physicians or psychologists are not available, the VA may provide readjustment counseling services to veterans through a contract or fee arrangement with community physicians or psychologists.

Where to Apply. See listing of VA Vet Centers.

OUTPATIENT DENTAL TREATMENT

All Veterans

Purpose

To provide necessary dental services to eligible veterans on an outpatient basis.

Eligibility

1. Veterans whose dental conditions or disabilities are service connected and compensable in degree may apply at any time.

2. Veterans whose dental conditions or disabilities are service connected but not compensable in degree, and which are shown to have been in existence at time of discharge or release from active service of at least 180 days must apply to VA for outpatient dental care for the service-connected dental condition within 90 days of separation.

3. Veterans with service-connected noncompensable dental conditions resulting from combat wounds or service injuries and former prisoners of war with service-connected noncompensable dental conditions may apply at any time.

4. Veterans who were prisoners of war for six months or more, and certain veterans who are receiving disability compensation at the 100 percent rate for service-connected conditions may apply at any time.

5. Veterans whose nonservice-connected dental conditions are determined by the VA to be associated with or aggravating a service-connected condition may apply at any time.

6. Disabled veterans participating in a rehabilitation program and Spanish-American War veterans who need dental treatment may apply for this type of treatment as needed.

7. Veterans with a nonservice-connected dental condition or disability for which treatment was begun while such veteran was receiving hospital care at VA expense when it is professionally determined to be reasonably necessary to complete such dental treatment on an outpatient basis.

Nonapplicable Conditions:

1. Veterans in receipt of aid and attendance or housebound benefits are not entitled to dental treatment on an outpatient basis, unless such treatment was started during a period of inpatient care.

2. Veterans whose entitlement to medical services is based solely on need of ambulatory care in preparation for, or to obviate the need of, hospitalization are not entitled to outpatient dental treatment.

Where to Apply. Any VA office.

PROSTHETIC APPLIANCES

All Veterans

Eligibility

Veterans may be provided prosthetic appliances necessary for treatment of any condition when receiving hospital, domiciliary or nursing home care in a facility under the direct jurisdiction of the VA. Veterans who meet the basic requirements for outpatient medical treatment may be provided prosthetic services if the appliance is required: (1) For a service-connected disability or adjunct condition, (2) for a disability for which a veteran was discharged or released from the active military, naval or air service, (3) for a veteran participating in a Rehabilitation Program under 38 USC Chapter 31, (4) for a Spanish-American War veteran, (5) as part of outpatient care to complete treatment of a disability for which hospital care was provided, (6) for any medical condition for a veteran with a service-connected disability rated at 50 percent or more, (7) for a veteran in receipt of increased pension or allowance based on the need of aid and attendance or being permanently housebound, (8) for a veteran of World War I or the Mexican Border period, or (9) for a former prisoner of war.

Where To Apply. Any VA office.

AIDS AND SERVICES FOR THE BLIND

All Veterans

Eligibility

Blind veterans (see page iv) of World War I, the Spanish-American War or Mexican Border period; or nonservice-connected former POWs; or veterans entitled to receive compensation from the VA for any service-connected condition;

or increased pension based on the need for regular aid and attendance; or increased pension by reason of being permanently housebound, are eligible to receive authorized aids for the blind.

Veterans with best-corrected vision no better than 20/200 or less or field defect of 20 degrees or less are considered to be blind.

Blind veterans (see page iv) need not be receiving compensation or pension to be eligible for admission to a VA Blind Rehabilitation Center or Clinic.

Nature of Benefit

1. Annual Visual Impairment Services Team (VIST) review (total health and benefits review) provided to eligible blind veterans.
2. Adjustment to blindness training.
3. Home improvements and structural alterations to homes (HISA Program). See also the section in this booklet on "Specially Adapted Homes."
4. Low vision aids and training in their use.
5. Approved electronic and mechanical aids for the blind, and their necessary repair and replacement.
6. Guide dogs, including the expense of training the veterans to use the dog, and the cost of the dog's medical attention.
7. Talking books, tapes and braille literature are available from the Library of Congress.

Where to Apply

To apply for these services veterans may contact the coordinator for the blind at any VA medical center. For the talking books, etc., veterans may contact either the medical center librarian or the coordinator for the blind.

EDUCATIONAL ASSISTANCE

The VA administers two basic programs for veterans and servicepersons seeking assistance for education or training. For eligible persons with service between February 1, 1955 and December 31, 1976, such assistance is available under the GI Bill. Veterans and servicepersons who entered the military on or after January 1, 1977 may receive educational assistance under a contributory plan. See following sections for specific eligibility and benefits.

GI BILL EDUCATIONAL TRAINING

For Veterans of the Post-Korean Conflict Period and Vietnam Era, and Service Personnel

Eligibility

Veterans who served on active duty for more than 180 continuous days, any part of which occurred after January 31, 1955, but before January 1, 1977, and who were released under conditions other than dishonorable, or continue on active duty, are eligible under the Veterans Readjustment Benefits Act of 1966, as amended. Those who served during the same period, but for 180 days or less, and were discharged for a service-connected disability also are eligible. Individuals who contracted with the Armed Forces and were enlisted in or assigned to a reserve unit prior to January 1, 1977, and who as a result of this enlistment or assignment, served on active duty for more than 180 days, any part of which began within 12 months after January 1, 1977 and who were discharged from active duty under conditions other than dishonorable also are eligible.

The 181 days required active duty does not include any period when assigned full-time by the Armed Forces to a civilian institution for a course substantially the same as a course offered to civilians, or any period served as a cadet or midshipman at a service academy. If a veteran has served in the Reserves or National Guard (but not one of the service academies) and later serves for one consecutive year or more on active duty, the active duty for training time initially served will be counted toward increasing the person's entitlement to VA education benefits.

Educational Institutions

An educational institution approved for training may include any public or private elementary, high, vocational, correspondence, or business school, junior or teachers college, normal school, college or university, professional, scientific or technical institution, or any other institution which furnishes education at the secondary school level or above.

Veterans who have already qualified in a program of education may receive educational assistance for up to 6 months to pursue refresher training to update skills acquired prior to or during service. Entitlement is charged.

Each eligible person may select a program of training at any approved educational institution or training establishment which will accept and retain the individual as a student trainee in any field or branch of knowledge which the institution finds the person qualified to undertake.

Educational and vocational counseling will be provided by the Veterans Administration upon request.

Generally a program of education outside the United States may be pursued only at an approved educational institution of higher learning.

A change of program is permitted under some conditions.

Entitlement and Duration of Eligibility

Each eligible person (who entered service before January 1, 1977 or, in some cases, after that date under the Delayed Entry Program or a similar program) will be entitled to educational assistance for a period of 1½ months (or the equivalent in part-time training) for each month or fraction thereof of service on active duty after January 31, 1955, up to 45 months. If he or she served 18 continuous months or more after January 31, 1955, and starting before January 1, 1977, and has been released under conditions satisfying the active duty obligation, he or she will be entitled to 45 months.

Also entitled to 45 months are those persons who, pursuant to a contract with the Armed Forces (entered into prior to January 1, 1977) serve 18 continuous months or more of active duty service (the beginning date of which service occurs between January 1, 1977, and January 1, 1978) and who are discharged or released from such active duty under conditions other than dishonorable.

Time Limits

Veterans (who entered service before January 1, 1977, or in some cases after that date in the Delayed Entry Program or similar program) who are released

from active duty after June 1, 1966 have eligibility for 10 years after their last discharge or release but not later than December 31, 1989, whichever is earlier.

Veterans who were prevented from beginning or completing their chosen program of education because of a physical or mental disability not the result of their own willful misconduct may receive an extension.

The period for eligible Vietnam Era veterans, with unused entitlement, may be extended for up to three years to pursue apprenticeship or other on-job training or a program with a vocational objective. An associate degree program which is predominantly vocational in content may be considered for this purpose to be a course with an approved vocational objective if such a degree program meets the requirement for approval. The period of time during which an eligible veteran may use this extension ends on December 31, 1984. The eligible veteran's application for this extension will be granted unless the VA determines that the veteran does not need such a program to obtain a reasonably stable employment situation that fits his or her abilities and aptitudes. VA's determination will be based on the veteran's employment and training history. (The eligible veteran may also enroll in a secondary education program.) Following completion of training, the VA will provide employment counseling to assist individuals to obtain appropriate employment.

Cooperative Program

This program combines formalized education with training in a business or industrial establishment with emphasis on the institutional portion.

Farm Cooperative Training

An eligible veteran enrolled in an educational institution for a "farm cooperative" program consisting of institutional agricultural courses must be concurrently engaged in full-time agricultural employment related to the approved institutional courses. The veteran may receive benefits for a full 12 months when instruction for the year is prescheduled for 44 weeks of the year.

Apprenticeship or Other On-Job Training

An eligible veteran may pursue, on a full-time basis only, an approved program of apprenticeship or other training on-the-job.

The entrance wages shall be at least one-half of the wages paid for the specific job and shall be increased on a regular schedule until the veteran is receiving 85 percent of the wages for that job by at least the last full month of the training period which cannot exceed 2 years. These limitations do not apply to apprenticeships.

Correspondence Training

Correspondence courses are home study courses that are taken through the mail. Eligible veterans are reimbursed at the rate of 55 percent of the cost of the course.

High School Training

A veteran who must complete high school training or pass the GED examination to qualify for higher education may receive educational assistance allowance without a charge against basic entitlement. Additional secondary school training such as refresher courses or deficiency courses are permitted if needed to qualify for admission to an appropriate educational institution.

Elementary Education

Veterans not completing the eighth grade may receive educational assistance allowance without a charge against basic entitlement.

Tutorial Assistance

Veterans or service personnel in post-secondary (above high school) training at educational institutions on a half-time or more basis who need tutorial assistance may qualify for tutorial payments not to exceed \$76 a month for a maximum amount of \$911 with no charge against basic entitlement.

Work-Study

Veteran-students enrolled as full-time students may agree to perform VA related services and receive an additional allowance. The veterans who are 30 percent or more disabled from service-connected disabilities shall be given preference. A student who agrees to work 250 hours receives \$837. A student who agrees to work a lesser number of hours gets a proportionately lesser amount. Veteran-students will be paid 40 percent of the amount of the work-study agreement in advance. The hours are to be worked during or between enrollment periods during a semester or other applicable enrollment period.

The services that may be performed are:

- a. VA outreach services under the supervision of a VA employee.
- b. Preparation and processing of VA paperwork.
- c. VA domiciliary and medical treatment services.
- d. Any other activity of the VA approved by the Administrator.

Education Loan Program

A veteran whose eligibility period has expired and who has remaining entitlement may borrow up to \$2,500 per academic year to continue to pursue a full-time course leading to a standard college degree or to a professional or vocational objective which requires at least six months to complete, during the first two years after the end of eligibility. The six-month requirement may be waived by the VA under certain circumstances. Veterans enrolled in vocational flight training, who are reimbursed at 60 percent, may also apply for an education loan. The interest loan program is based upon financial need.

Restrictions

The educational allowance is not payable if the eligible person is on active duty and has his or her education paid for by the Armed Forces or the Department of Health and Human Services (for Public Health Service duty), or is a Federal employee receiving full salary and having the course paid for under the Government Employees Training Act.

Where To Apply

Application forms are available at all VA offices, active duty stations, and American Embassies in foreign countries. They should be submitted to the nearest VA office or Embassy when completed.

VETERANS EDUCATION ASSISTANCE PROGRAM

For Veterans and Servicepersons Entering Active Duty on or after January 1, 1977

Eligibility

Veterans who served and servicepersons currently serving are eligible if they (a) entered active duty after December 31, 1976, and (b) were released under conditions other than dishonorable or continue on active duty but have completed their obligated period of service (or six years of active duty, whichever comes first), and (c) have satisfactorily contributed to the program. (Satisfactory contribution consists of the monthly deduction of \$25 to \$100 from military pay, up to a maximum of \$2,700, for deposit in the special training fund.) Participants, while on active duty, may make a lump sum contribution to the fund.

Nature of Benefit

The contributory plan permits the serviceperson to voluntarily participate in a plan for future education or training in which the participant's savings are administered and augmented by the Government. (Job training is not available.)

At the time the eligible participant elects to use the benefits to pursue an approved course of education or training, the United States will match the contribution at the rate of \$2 for every \$1 made by the participant. (The Government may also make additional contributions into the fund.) Participants receive monthly payments for the number of months they contributed, or for 36 months, whichever is less. The amount of the payments is determined by dividing the number of months benefits will be paid into the participant's training fund total. A participant may leave the program at the end of any 12-consecutive-month

period of participation and those who do so may have their contributions refunded. Participants have 10 years from the date of last discharge or release from active duty within which to use these benefits. Secondary education is available to servicepersons eligible under these benefits, and may be pursued during the last six months of the participant's first enlistment or at any time thereafter.

VETERANS' JOB TRAINING

The Emergency Veterans' Job Training Act of 1983 established a job training program of limited duration (2 years). The program is designed to assist unemployed veterans who served on active duty during the Korean Conflict or the Vietnam Era. An individual must have served honorably on active duty one day or more during either of these periods, and must have been on active duty at least 181 days; or was discharged from service for a service-connected disability (or, but for the receipt of retirement pay, would be entitled to compensation). For purposes of this program a veteran must be unemployed and have been unemployed for at least 15 of the 20 weeks immediately preceding the date of application.

Veterans with service-connected disabilities rated either 30 percent or more or at 10 percent or 20 percent, if the veteran has been determined to have a serious employment handicap, would be entitled to a maximum training period of 15 months. All other eligible veterans would be entitled to a total of up to 9 months of training.

The training assistance would be paid to employers on behalf of a veteran. The assistance would be 50 percent of the veteran's starting wage up to a total of \$10,000 payable on behalf of an individual.

In order to qualify as a program of job training, an employer's program must offer training in an occupation in a growth industry, an occupation requiring the use of new technological skills, or an occupation for which demand for labor exceeds supply. Training is prohibited in positions which are seasonal, intermittent or temporary, on commission, political or religious, or Federal employment. Training must be carried out in a State. The training program must be no less than 6 months (3 to 6 month courses could be approved under certain circumstances). An employer may arrange that the entire training program could be given at an educational institution which already has the courses approved for trainees.

Application forms are available at all VA offices and the local State employment service (job service). They should be submitted to the nearest VA office.

VOCATIONAL REHABILITATION

*For Disabled Veterans of World War II, the Korean Conflict,
the Post Korean Conflict, the Vietnam Era and Certain
Peacetime Veterans.*

Eligibility

Veterans who served in the Armed Forces during World War II or thereafter are eligible for vocational rehabilitation if all three of the following conditions are met:

- (a) They suffered a service-connected disability in active service which entitles them to compensation, or would do so but for receipt of retirement pay;
- (b) They were discharged or released under other than dishonorable conditions (see page iv); and
- (c) The VA determines that they need vocational rehabilitation to overcome the handicap to employment caused by their disabilities.

The Period of Eligibility:

Generally, the veteran must complete a rehabilitation program within the 12-year period from the date of notification of entitlement to VA compensation. This period may be extended if the veteran was unable to train for a period because of a medical condition.

Length of Rehabilitation Program

Eligible disabled veterans may get training up to a total of 4 years, or its equivalent in part-time or combination of part-time and full-time training, and in some cases exceeding 4 years. If a veteran with a serious disability receives services under an extended evaluation program to improve his or her training potential, the total of the extended evaluation and training phases of the rehabilitation program may exceed 4 years.

Following completion of the training portion of a rehabilitation program, a veteran may generally receive counseling and job search and adjustment services for 18 months. This job search help may also be given veterans who previously took part in a rehabilitation program for at least 90 days under either the VA or a State rehabilitation agency.

Type of Rehabilitation Program

A disabled veteran will be given an initial evaluation to establish eligibility and entitlement and to determine whether extended evaluation, independent living services, educational or vocational training, or employment assistance is needed.

Eligible veterans may: (a) enroll in schools or colleges; (b) train on the job or in an apprentice program; (c) take institutional on-farm training; (d) enter other programs which combine school and job training, or (e) train in special rehabilitation facilities or at home when this is necessary because of serious disability. Veterans who are seriously disabled may receive services and assistance to improve their ability to live more independently in their community.

After completion of training, the VA will assist the veteran to find and hold a suitable job.

Subsistence Allowances and Rehabilitation Program Costs

While in training and for 2 months after, eligible disabled veterans may receive subsistence allowances in addition to their disability compensation. The costs of tuition, books, fees and supplies are paid by the VA. If during the training program the veteran runs into unexpected financial difficulty, a no-interest loan may be provided to help the veteran meet his or her financial responsibilities. The VA may also pay for tutorial assistance and for extraordinary transportation expenses to and from the training facility based upon the veteran's disabilities.

Work Study

See section on Work-Study under "GI Bill Educational Training."

SURVIVORS' AND DEPENDENTS' EDUCATION

For Children, Spouses, Survivors of Veterans Whose Deaths or Permanent and Total Disabilities Were Service-Connected and for Spouses and Children of Servicepersons Missing in Action or Prisoners of War

Who Are Eligible

Generally survivors of deceased veterans, spouses of living veterans and children of either, between 18 and 26 years old, when the death or permanent and total disability was the result of service in the Armed Forces after the beginning of the Spanish-American War on April 21, 1898, are eligible.

Spouses and children of servicemen or servicewomen, who are in one of the following three categories, are eligible as long as the serviceman or servicewoman has been listed for more than 90 days and remains in one of the following categories: missing in action, captured in the line of duty, or forcibly detained or interned in line of duty by a foreign power.

If eligible children under age 18 have (a) graduated from high school or (b) are above the age of compulsory school attendance, the VA may begin assistance for this schooling before they reach age 18.

In some instances, handicapped children may begin a special vocational or restorative course as early as age 14.

Periods of Eligibility

The period of eligibility for educational assistance or special restorative training ends on an eligible child's 26th birthday (unless extended under certain conditions).

Generally, the period of eligibility for a spouse or survivor extends to 10 years from the date the veteran was first found to have a service-connected total disability permanent in nature, or from the date of death of the veteran, or the date the VA determines death was due to a service-connected disability, whichever is or was later. For spouses of service personnel missing in action, captured in line of duty, or forcibly detained, or interned in line of duty, eligibility extends to December 24, 1980, or 10 years from the date the spouse was listed, whichever is later.

The delimiting date for a spouse pursuing apprenticeship, on-the-job or correspondence training will be based on the 10-year period, or October 24, 1982, whichever is later.

Spouses who were prevented from beginning or completing their chosen program of education because of a physical or mental disability not the result of their own willful misconduct may receive an extension of a delimiting date.

Counseling

The eligible child may receive, upon request, VA educational or vocational counseling to assist in selection of a goal and the development of a program of education. An educational plan must be submitted by or for the eligible child showing the selected goal, the program of education, school or schools he or she plans to attend, and an estimate of the total cost of the education. The plan becomes part of the application.

Counseling is available to spouses and survivors on request.

Effect of Marriage

A child's marriage will be no barrier. A survivor's remarriage terminates entitlement unless the remarriage is terminated by death or divorce.

Length of Training

Up to 45 months of schooling—or the equivalent of 45 months if enrolled part time. The aggregate entitlement to educational benefits for persons having entitlement under two or more programs may not exceed 48 months.

Type of Training

Training may be taken in any approved vocational school, business school, college, professional school, or any establishment providing apprentice or other training on-the-job. Spouses and survivors may also pursue training in secondary schools, by correspondence or in educational institutions offering a farm cooperative program. A program of education outside of the United States may be pursued only at an approved educational institution of higher learning.

All courses must be approved by the designated State approving agency.

Monthly Rates

Monthly rates under this program are the same rates payable to veterans without dependents pursuing similar programs under chapter 34.

Tutorial Assistance

Tutorial assistance payments as described under GI Bill Educational Training apply as well to eligible survivors and dependents.

Education Loan Program

An eligible person, whose eligibility period has expired and who has remaining entitlement, may during the first two years after the eligibility period obtain an education loan. The student may borrow up to \$2,500 per academic year to continue a full-time course leading to a standard college degree. Also, a loan may be provided for those enrolled in a course leading to a professional or vocational objective, which generally requires at least six months to complete. The interest bearing loan is based on financial need.

Where To Apply. At Any VA office.

GI LOANS FOR HOMES, CONDOMINIUMS, AND MANUFACTURED HOMES

*For Veterans Who Served During a Period Which Occurred Between
September 16, 1940 and the Present; Eligible Unmarried Surviving
Spouses of Such Veterans; for Spouses of Service Personnel
Officially Listed as Missing in Action or Captured for More
than 90 Days, and for Service Personnel Who Have Served at Least
181 Days.*

What VA Does for the Home-Buying Veteran

VA guarantees part of a loan that helps a home-buying veteran obtain a mortgage featuring:

- An interest rate which is usually lower than conventional mortgage rates.

- No down payment (unless required by the lender, the purchase price exceeds the reasonable value of the property as determined by the VA, or the loan has a graduated payment feature).

- A long amortization or repayment period.

VA appraises the security for the mortgage to determine its reasonable value in the appropriate market prevailing at the time the appraisal is made.

VA makes available an inspection service in most cases on proposed new homes (or as an alternative accepts the findings of the FHA) to verify that the house:

- Conforms to the plans and specifications on which VA's appraisal is based.

What VA Does NOT Do

VA does *not* have the legal authority to:

- Act as an architect. It does not supervise construction of a home a veteran wishes to buy.

- Guarantee that the home is free of defects.

- Act as an attorney. The VA cannot give legal advice if a veteran encounters trouble in buying or constructing a home.

VA cannot compel a builder to remedy defects in the construction or otherwise compel a builder to fulfill a contract.

VA cannot guarantee that a veteran will be completely satisfied with a home and can resell it at the price originally paid.

VA cannot guarantee that a purchase is a good investment.

Purpose of GI Loans

- a. To buy a home.
- b. To buy a residential unit in certain new or proposed, existing or converted condominium projects.
- c. To build a home.
- d. To repair, alter, or improve a home.
- e. To refinance an existing home loan.
- f. To buy a manufactured home with or without a lot.
- g. To buy and improve a manufactured home lot on which to place a unit owned and occupied by the veteran.
- h. To improve a home through installation of a solar heating and/or cooling system or other weatherization improvements.
- i. To purchase and improve simultaneously a home with energy conserving measures.

World War II Eligibility

Eligibility requirements for veterans of World War II: (a) active duty on or after September 16, 1940, and prior to July 26, 1947; (b) a discharge or separation under other than dishonorable conditions (see page iv); and (c) at least 90 days' total service, unless discharged earlier for service-connected disability.

Post World War II Eligibility

Eligibility requirements for veterans of this period are: (a) No other active duty service except that which occurred after July 25, 1947 and prior to June 27,

1950; (b) a discharge or separation under other than dishonorable conditions (see page iv); and (c) at least 181 days continuous active duty service, unless discharged with less service for a service-connected disability.

Korean Conflict Eligibility

Eligibility requirements for veterans of the Korean Conflict period are: (a) Active duty at any time on or after June 27, 1950, and prior to February 1, 1955; (b) discharge or separation under other than dishonorable conditions (see page iv); and (c) at least 90 days' total service, unless discharged earlier for a service-connected disability.

Post-Korean Eligibility

Eligibility requirements for post-Korean veterans are: (a) active duty for 181 continuous days or more, any part of which occurred after January 31, 1955 and prior to August 5, 1964; and (b) discharge or release under conditions other than dishonorable (see page iv); or (c) earlier discharge or release from active duty after such date for a service-connected disability.

Vietnam Eligibility

Eligibility requirements for Vietnam-era veterans are: (a) active duty for 90 days or more, any part of which occurred after August 4, 1964, and prior to May 8, 1975; and (b) discharge or release from active duty under conditions other than dishonorable; or (c) earlier release from such active duty for a service-connected disability.

Post-Vietnam Eligibility

a. Eligibility requirements for Post-Vietnam era veterans of enlisted service which began before September 8, 1980, or whose service as an officer began before October 17, 1981, are: (a) active duty for 181 continuous days or more, all of which occurred after May 7, 1975; and (b) discharge or release from active duty under conditions other than dishonorable; or (c) earlier release from such active duty for service-connected disability.

b. Eligibility requirements for veterans separated from enlisted service which began after September 7, 1980, or service as an officer which began after October 16, 1981, are: (a) completion of 24 months of continuous active duty or the full period (at least 181 days) for which the person was called or ordered to active duty, and discharge or release from active duty under conditions other than dishonorable; or (b) completion of at least 181 days of active duty with a hardship discharge, a discharge for the convenience of the Government, or the person is determined to have a compensable service-connected disability; or (c) discharge after less than 181 days of service for service-connected disability.

c. Service personnel who have served at least 181 continuous days in active duty status are eligible if not discharged, while their service continues without a break.

Active Duty for Training

Six-month enlistees with active duty for training only are not eligible since their service does not constitute "active duty" as defined by law, although they may be

eligible for FHA Home Mortgage Insurance for veterans. (See FHA Home Mortgage Insurance section.)

Spouses Entitlement

Unmarried surviving spouses of veterans, including service personnel, who served during a period which occurred between September 16, 1940 and the present and who died as a result of service-connected disabilities, and spouses of service personnel on active duty who are officially listed as missing in action or prisoners of war and have been in such status for more than 90 days are eligible for GI loans to acquire a home. Spouses of POW/MIA are limited to one loan, and receipt by the spouse of official notice that the service person is no longer listed as missing or captured ends entitlement.

Expiration of Entitlement

Loan entitlement is no longer subject to an expiration date.

The Veteran's Entitlement

The word "entitlement" means the guaranty benefits available to an eligible veteran. The maximum entitlement available to an eligible veteran is \$27,500. Veterans may use up to a maximum of \$20,000 of their available entitlement for the purchase of a manufactured home and/or lot. A veteran who previously obtained a VA loan may use remaining entitlement for any eligible purpose; except that veterans who use entitlement to purchase a manufactured home must first dispose of the manufactured home prior to the purchase of a second manufactured home with a VA guaranteed loan. Veterans refinancing an existing VA loan with a new VA loan at a lower interest rate need not have any entitlement available for use.

Loan Maximums

There are no established loan maximums. However, no loan may exceed the reasonable value of the property as determined by the VA.

Additional Entitlement

Veterans who used their entitlement before October 1, 1980, may have additional entitlement available for GI home loan purposes. Veterans' maximum home loan entitlement was raised from \$4,000 to \$7,500 in 1950, to \$12,500 in 1968, to \$17,500 in 1974, to \$25,000 in 1978, and to \$27,500 in 1980. The amount of such additional entitlement is the difference between \$27,500 and the amount of entitlement used on prior loans.

Restoration and Substitution of Entitlement

Certain veterans may meet the requirements for having used GI entitlement restored. A veteran may qualify for restoration if VA has been relieved of liability on the GI loan which normally is accomplished by the loan being paid in full and if the property has been disposed of; or if a veteran-buyer agrees to substitute his or her entitlement for that of the original veteran borrower and meets all other requirements for substitution of entitlement.

Financing

Eligible veterans must make their own arrangements for loans through the usual lending channels, such as banks, savings and loan associations, building and loan associations, mortgage loan companies, and the like. Real estate brokers will ordinarily assist the veteran in finding a lender.

The lender making GI loans for the purchase of homes (not manufactured homes or lots), farm homes, condominium units, or refinancing of existing mortgage loans or liens secured of record on a veteran's dwelling is guaranteed against loss up to 60 percent of the loan with a maximum guaranty of \$27,500.

On manufactured home and/or lot loans, the amount of guaranty is 50 percent of the loan, not to exceed \$20,000.

Interest Rate

The maximum interest rate on a GI loan may vary due to changes in market conditions. Once a loan is made, however, the interest remains the same for the life of the loan. In obtaining loans for the refinancing of existing mortgage loans or other liens of record, veterans may pay discounts of reasonable amounts. Discounts may also be paid under certain other conditions, and the local VA Office or a lender should be consulted for information.

Down Payments and Maturity

The loan terms are subject to negotiation between the veteran and the lender. The repayment period or maturity of GI home loans may be as long as 30 years and 32 days. The VA does not require that a down payment be made, except in connection with a loan with graduated payment features or to prevent the amount of a loan from exceeding the VA's determination of the property's reasonable value. If the sales price exceeds the reasonable value, the veteran must certify that the difference is being paid in cash without any supplementary borrowing.

The statutory maximum maturity for manufactured home and/or lot loans varies with each transaction, and the nearest VA office can provide specific information. A cash down payment will be required in connection with such loans in an amount equal to the difference, if any, between the maximum loan allowable for the transaction and the cost to the veteran.

Closing Costs

Payment in cash is required on all home loan closing costs, including title search and recording, hazard insurance premiums, prepaid taxes and the one percent origination fee which may be required by lenders in lieu of certain other costs. In the case of refinancing loans, all such costs may be included in the loan, as long as the total loan does not exceed the reasonable value established by VA for the property. For all loans closed on or after October 1, 1982, a one-time "funding fee" of ½ percent of the loan amount must be paid to VA, except for loans made to certain disabled veterans.

Safeguards

The VA protects veteran borrowers in the following ways:

- a. Homes completed less than a year before acquisition with GI financing must

meet or exceed VA minimum requirements for planning, construction and general acceptability.

- b. The VA may suspend from participation in the loan program those who take unfair advantage of veteran borrowers or decline to sell a new home to, or make a loan to, a creditworthy, eligible veteran because of race, color, religion, sex or national origin. Also, all credit transactions involving VA financing must meet the requirements of the Equal Credit Opportunity Act and the Federal Reserve Board's Regulation B.

- c. On a new home the builder is required to give the veteran purchaser a 1-year warranty that the home has been constructed in substantial conformity with VA approved plans and specifications. A similar warranty is required to be given to the veteran in respect to new manufactured homes.

- d. In cases of new construction completed under VA or FHA inspection the VA may pay or otherwise compensate the veteran borrower for correction of structural defects seriously affecting livability if assistance is requested within four years of the time a home loan is guaranteed or made.

- e. The borrower obtaining a GI loan may only be charged the fees and other charges prescribed by VA as allowable.

- f. The borrower has the right to prepay at any time, without premium or penalty, the entire indebtedness or any part thereof not less than the amount of one installment or \$100, whichever is less.

- g. It is the policy of the VA to encourage holders to extend all reasonable forbearance and indulgence in the event a borrower becomes temporarily unable to meet the terms of the loan.

Certification

Veterans must certify that they intend to live in the home they are buying or building with a GI loan. Also, when a veteran wishes to refinance or improve a home with a GI loan, the veteran must certify that he or she is actually in occupancy at the time of application. Veterans purchasing homes with GI loans are also required to certify they will not discriminate in the resale of their homes.

Release of Liability

Upon request to the VA, when a veteran sells residential property financed with a GI loan, the veteran may be released from liability to the Government, provided the loan is current and the purchaser has been obligated by contract to purchase the property and assume all of the veteran's liabilities and the VA is satisfied that the purchaser is a good risk.

This release of liability does not mean that a veteran could have the GI home loan entitlement restored. In most cases the VA restores entitlement only where it no longer is liable to the lender on the guaranty and the veteran is otherwise eligible for restoration. The release of a veteran from liability to the Government does not change the fact that VA continues to remain liable on the guaranty. However, if a veteran-buyer agrees to substitute his or her entitlement for that of the original veteran-borrower and if all other requirements for substitution of entitlement are met, the veteran-seller may qualify for restoration. Contact the local VA office for details.

Additional Information

Newly discharged veterans whose only qualifying service is based on service beginning on or after January 31, 1955, have Certificates of Eligibility mailed to their homes by the VA shortly after discharge.

Other veterans may secure their Certificates of Eligibility by sending VA Form 26-1880, "Request for Determination of Eligibility and Available Loan Guaranty Entitlement," along with required supporting documents to the VA Regional Office nearest them.

SPECIALLY ADAPTED HOMES

For Veterans of Wartime and Peacetime Service

Purpose

Certain disabled veterans of military service may be entitled under certain conditions to a grant from VA for a home especially adapted to their needs.

Nature of Benefit for \$32,500 Grant

The VA may approve a grant of not more than 50 percent of the cost of building, buying or remodeling such homes or paying indebtedness on such homes already acquired, up to a maximum grant of \$32,500.

See Sections titled "Veterans Mortgage Life Insurance" and "GI Life Insurance" under Insurance in Index.

Eligibility

Veterans must be entitled to compensation for permanent and total service-connected disability, incurred after April 20, 1898, due to:

- (1) the loss, or loss of use of both lower extremities, such as to preclude locomotion without the aid of braces, crutches, canes, or a wheelchair, or
- (2) disability which includes (a) blindness in both eyes, having only light perception, plus (b) loss or loss of use of one lower extremity, or
- (3) a loss or loss of use of one lower extremity together with (a) residuals of organic disease or injury, or (b) the loss or loss of use of one upper extremity, which so affect the functions of balance or propulsion as to preclude locomotion without resort to braces, canes, crutches or a wheelchair.

Nature of Benefit for \$5,000 Grant

The VA may approve a grant not to exceed the actual cost, up to a maximum of \$5,000, of acquiring adaptations to a veteran's residence as are determined to be reasonably necessary. See Sections titled "Veterans Mortgage Life Insurance" and "GI Life Insurance" under Insurance in Index.

Eligibility

Veterans must be entitled to compensation for permanent and total service-connected disability, incurred after April 20, 1898, due to:

- (1) Blindness in both eyes with 5/200 visual acuity or less, or
- (2) Anatomical loss or loss of use of both hands.

Supplemental Financing

Eligible veterans with available loan guaranty entitlement may also obtain a guaranteed loan or a direct loan from the VA to supplement the grant to acquire a specially adapted home.

Where To Apply. Any VA office.

GI LIFE INSURANCE

For Veterans of World War I, World War II, Korean Conflict Period, Vietnam Era and Peacetime Service

STATUS OF LIFE INSURANCE PROGRAMS

Program	Beginning Date	Ending Date for New Issues	Policy Letter Prefix
U.S. Government (USGLI)	May 1919	Apr. 24, 1951	K
National Service (NSLI)	Oct. 8, 1940	Apr. 24, 1951	V, H
Veterans Special (VSLI)	Apr. 25, 1951	Dec. 31, 1956	RS, W
Service Disabled (SDVI)	Apr. 25, 1951	Still Open	RH
Veterans Reopened (VRI)	May 1, 1965	May 2, 1966	J, JR, JS
Servicemen's Group (SGLI)	Sept. 29, 1965	Still Open	- - -
Veterans Mortgage (VMLI)	Aug. 11, 1971	Still Open	- - -
Veterans Group Life Insurance (VGLI)	Aug. 1, 1974	- - -	- - -

Until July 1, 1972, the maximum amount of Government life insurance, exclusive of SGLI and VMLI, that one could carry was \$10,000. Effective that date, policyholders with WW II National Service Life Insurance (V) could elect to use their dividends to purchase paid-up additions of coverage—which, for the first time, permits these insureds to have more than \$10,000 coverage. Policyholders with Veterans Special Life Insurance (RS-W) and veterans reopened insurance (J, JR, JS) may now purchase these paid up additions. SGLI, VGLI, and VMLI have no bearing upon other Government life insurance coverage. Effective January 1, 1983, all USGLI (K) policies in a premium paying status were declared to be paid up.

Eligibility for Service-Disabled Veterans Insurance (RH)

Veterans separated from service on or after April 25, 1951, with a service-connected disability but otherwise in good health may apply to VA for the special nonparticipating National Service Life Insurance, within 1 year from the date VA notifies the veteran that the disability has been rated as service-connected.

Reinstatement of Lapsed Insurance

Effective June 25, 1970, lapsed term policies may be reinstated within 5 years from the date of lapse. However, NSLI on the Limited Convertible Term Plan (Policy prefix W) may not be reinstated if the term period ended after the policyholder's 50th birthday.

Lapsed permanent plan policies may be reinstated at any time except that J and JR policies must be reinstated within 5 years from date of lapse, and an endowment plan must be reinstated within the endowment period.

Automatic Renewal

A 5-year term policy which is not lapsed at the end of the term period is automatically renewed for an additional 5-year period except that NSLI on the Limited Convertible Term Plan (Policy prefix W) cannot be renewed after the insured's 50th birthday. The premium rate for each renewal is based on the attained age of the insured.

Convertibility

Any term policy which is in force may be converted to a permanent plan if requirements are met. However, NSLI policyholders are not eligible to convert to an endowment plan while totally disabled.

Exchange of RS Policies

Veterans with "RS" 5-year term policies in force are eligible to exchange their policies for the Limited Convertible Five-Year Level Premium Term Plan before insurance age 50 or convert the "RS" term insurance to one of the permanent plans of insurance.

Modified Life

Effective May 1, 1965, a Modified Life at age 65 plan of insurance became available to NSLI policyholders. Premiums for this plan remain the same throughout the premium paying period, while the face value reduces by 50 percent at age 65. If desired, the reduced amount may be replaced with a special ordinary life, for additional premium.

On July 1, 1972, a new Modified Life at age 70 became available, which is similar in all respects to the Modified Life at age 65 except that face value reduction does not occur until age 70. The premium rate is only slightly higher than for the Modified Life at age 65.

Dividends

Dividends are payable to holders of "K", "V", "RS", "W", "J", "JR," and "JS" insurance. No application is necessary as they are paid automatically on the anniversary date of the participating policy.

Guaranteed Permanent Plan Policy Values

When a permanent plan policy has had premiums paid or waived for at least one year, and it is not lapsed, the guaranteed values include cash surrender, loan and reduced paid-up provisions. If a permanent plan policy lapses after being in force for at least three months, it will automatically be extended as term insurance—the period of this protection is determined by the net cash value of the policy. The amount of extended coverage is the face value less any indebtedness.

Policy Loans

Policyholders may borrow up to 94 percent of the cash surrender value of their permanent plan of insurance and continue the insurance in force by payment of premiums.

Interest is compounded annually. The current rate of loan interest may be obtained at any VA office. Any existing loans granted at a previous interest rate will continue to bear interest at that rate.

Total or Permanent Disability

NSLI policyholders who become totally disabled and are likely to remain so for 6 or more months should consult the VA about their entitlement to premium waiver. USGLI policyholders who become totally and permanently disabled should consult the VA about their right to receive the proceeds of their policies in monthly payments.

Total Disability Income Provision (TDIP)

Full information about adding the TDIP rider to a policy is available from the VA Regional Office and Insurance Center which maintains the veteran's insurance records, or the nearest VA Office. The provision currently provides that a NSLI policyholder will be paid \$10 per month, per \$1,000 insurance, after being totally disabled for six consecutive months (a few older riders pay \$5 per month). In either instance disability must have commenced before the insured reached his 60th or 65th birthday, depending on the type of rider. USGLI policies also carry a TDIP provision. However, the amount of the monthly payment differs from that paid to NSLI policyholders. TDIP payments do not reduce the face value of the policy. Further, TDIP is not available for any policy with the prefix RH, JR, or JS.

SERVICEMEN'S GROUP LIFE INSURANCE

For Members of the Uniformed Services

All members of the uniformed services, including cadets and midshipmen of the four service academies, are automatically insured under Servicemen's Group Life Insurance (SGLI) for \$35,000, unless they elect in writing to be covered for a lesser amount, or not to be covered at all. Full-time coverage is also provided, under certain conditions, for: (1) persons who volunteer for assignment to the Ready Reserve of a uniformed service, and (2) persons assigned to or who, upon application, would be eligible for assignment to the Retired Reserve of a uniformed service and have completed at least 20 years of satisfactory service creditable for retirement purposes.

Part-time coverage is provided, under certain conditions, to eligible members of the Reserves who do not qualify for full-time coverage.

Premiums are deducted automatically from the members' pay, or otherwise collected from members on active duty or in the Ready Reserve by his or her uniformed service. Members of the Retired Reserve are required to submit premiums directly to the Office of Servicemen's Group Life Insurance (OSGLI).

Members performing full-time duty under calls or orders not limited to 30 days or less and members of the Ready Reserve who qualify for full-time coverage are covered for 120 days following separation from service, with no additional premium during the 120-day period. Those members who are totally disabled at separation retain SGLI coverage up to one year or until the disability ceases to be total in degree, whichever occurs first, with no additional premium cost during this period.

Members of the Reserve who qualify for full-time coverage and who, upon application, are eligible for assignment to or are assigned to the Retired Reserve, may continue their SGLI coverage after separation or release from their reserve obligation, provided the initial premium with identifying information is submitted to the Office of Servicemen's Group Life Insurance, 213 Washington Street, Newark, N.J., 07102 within 120 days following such release.

If the initial premium is not submitted within the 120 days, coverage may be granted, provided an application, VA Form 29-8713, evidence of insurability and the initial premium are submitted to OSGLI within 1 year after the member's SGLI coverage is terminated.

VETERANS GROUP LIFE INSURANCE

SGLI may be converted to a 5-year nonrenewable coverage known as VGLI (Veterans Group Life Insurance). This program is administered by OSGLI (Office of Servicemen's Group Life Insurance) 213 Washington Street, Newark, NJ 07102, and is supervised by the Veterans Administration. Coverage may be in amounts of \$35,000, \$30,000, \$25,000, \$20,000, \$15,000, \$10,000 or \$5,000, but not more than the amount of SGLI that the member had in force at the time of separation.

VGLI is available to:

- (1) Individuals being released from active duty on or after August 1, 1974;
- (2) Reservists who, while performing active duty or inactive duty for training under a call or order specifying a period of less than 31 days, suffer an injury or disability which renders them uninsurable at standard premium rates.

Members on active duty entitled to full-time SGLI coverage can convert to VGLI by submitting the premium before the end of 120 days following the date of separation from service — with the insurance made effective the 121st day. If the veteran, unless totally disabled, does not submit the premium within 120 days, the veteran may be granted VGLI provided initial premium and evidence of insurability are submitted within 1 year after the veteran's SGLI coverage is terminated. Insurance will be effective on the date the premium is received in OSGLI.

Members with full-time SGLI coverage who are totally disabled at the time of

separation and whose service makes them eligible for VGLI may purchase this insurance while remaining totally disabled up to 1 year following separation. The effective date of VGLI will be at the end of the 1 year period following separation or the date the disability ends, whichever is earlier, but in no event prior to 120 days after separation.

Members insured under part-time SGLI coverage who incur a disability or aggravate a pre-existing disability during a Reservist active or inactive period can, within the 120-day period following the period during which the disability was incurred or aggravated, apply for VGLI — with the insurance made effective on the 121st day.

Totally disabled members must submit proof of disability with an application and the first premium, within the time limits given above. As persons separate from active duty, reenlist, and effect other changes in duty status, some persons will be eligible for both SGLI and VGLI. Any former member insured under VGLI who may again become eligible for SGLI is automatically insured under the SGLI program. Both plans can be participated in if it is advantageous to the individual as long as the combined amount of SGLI and VGLI does not exceed \$35,000 at any one time.

VGLI is not available to Retired Reservists or to members of the Ready Reserve who qualify for full-time coverage.

An insured under VGLI has the right to convert to an individual commercial policy at standard premium rates, regardless of health, with any of the participating companies licensed to do business in the veteran's state. The individual policy will be effective the date after the insured's VGLI terminates at the end of the five-year term period. The OSGLI will advise the insured of the impending date of termination and additional information regarding the conversion of VGLI to an individual policy.

Veterans wanting further information may contact their nearest VA office, or write to the Office of Servicemen's Group Life Insurance.

VETERANS MORTGAGE LIFE INSURANCE

For Totally Disabled Veterans with Special Adapted Housing Grants

Effective August 11, 1971, PL 92-95 established a program of group type mortgage life insurance for those who have been granted or will be granted a specially adapted housing grant. Public Law 94-433 increased the maximum amount of this insurance to \$40,000 effective October 1, 1976. Protection is automatic unless eligible veterans decline in writing or fail to respond to a final request for information on which their premium can be based. Premiums are automatically deducted from VA benefit payments or paid direct, if the veteran does not draw compensation, and will continue until the mortgage (up to the maximum amount of insurance) has been liquidated, or the home is sold, or until the veteran reaches age 70, or dies. If a mortgage is disposed of through liquidation or sale of the property, any unused portion of the life insurance coverage may be used on the mortgage of a second or subsequent home.

DEPENDENCY AND INDEMNITY COMPENSATION (DIC)

(May be selected in lieu of death compensation)

For Survivors of Deceased Veterans

Coverage

(a) **Death Due to Service-Connected Disability**—DIC payments are authorized for surviving spouses, unmarried children under 18 (as well as certain helpless children and those between 18 and 23 if attending a VA-approved school), and certain parents of service personnel or veterans who die on or after January 1, 1957, from: (1) a disease or injury incurred or aggravated in line of duty while on active duty or active duty for training; or (2) an injury incurred or aggravated in line of duty while on inactive duty training; or (3) a disability otherwise compensable under laws administered by VA. Death cannot be the result of willful misconduct.

(b) **Death Due to Nonservice-Connected Cause**—DIC payments are also authorized for surviving spouses, unmarried children under 18 (as well as certain helpless children and those between 18 and 23 if attending a VA-approved school) of certain veterans who were totally service-connected disabled at time of death and whose deaths were not the result of their service-connected disability, if: (1) the veteran was continuously rated totally disabled for a period of 10 or more years or (2) if so rated for less than 10 years, was so rated for a period of not less than five years from the date of discharge from military service. Payments under this provision are subject to offset by the amount received from judicial proceedings brought on account of the veteran's death.

If death occurred after service, the veteran's discharge must have been under conditions other than dishonorable (see page iv).

Definition of Surviving Spouse

(a) **Date of Marriage**—To qualify, a surviving spouse must have married the veteran within 15 years after the termination of the period of service in which the injury or disease causing death was incurred or aggravated;— or must have been married for one year or more, or for any period of time if a child was born of or before the marriage.

(b) **Residence With Veteran**—The surviving spouse must have lived continuously with the veteran from the time of marriage until the veteran's death, except where there was a separation due to the misconduct of, or procured by, the veteran without fault on the spouse's part.

(c) **Surviving Spouse Remarriage**—Remarriage makes a surviving spouse ineligible based on the death of that veteran unless the purported remarriage was void, has been annulled, or terminates in death or divorce. A surviving spouse may also be ineligible if, after the death of the veteran, she or he has lived with another man or woman and held herself or himself out openly to the public to be the spouse. Should such relationship terminate, she or he may re-apply for benefits.

(d) **Purported Marriage**—If she or he meets the other qualifications, a person who married a veteran without knowing that a legal impediment to the marriage existed may be eligible for compensation under certain conditions.

DIC SURVIVING SPOUSE RATES

Pay grade	Monthly rate	Pay grade	Monthly rate
E—1	\$445	W—4	\$ 639
E—2	459	O—1	563
E—3	470	O—2	582
E—4	500	O—3	622
E—5	514	O—4	658
E—6	526	O—5	726
E—7	552	O—6	817
E—8	582	O—7	884
E—9*	608	O—8	969
W—1	563	O—9	1,041
W—2	586	O—10*	1,139
W—3	603		

*There are special rates for certain individuals in these categories.

There are additional payments for children.

The monthly rates of DIC for parents depend upon the income of the parents and whether there is only 1 parent, 2 parents not living together or 2 parents together or remarried with spouse. The income limit for 2 parents together or remarried and with spouse is \$8,435, that for 1 parent or 2 parents not together is \$6,273.

Aid and Attendance

Surviving spouses, and parents receiving DIC may be granted a special allowance for aid and attendance if they are: patients in a nursing home or require the regular aid and attendance of another person. The allowance is \$134 monthly payable in addition to the DIC rate for a surviving spouse and \$135 monthly additional for a parent receiving DIC.

Housebound

Surviving spouses qualified for DIC who are not so disabled as to require the regular aid and attendance of another person but who due to disability are permanently housebound may be granted a special allowance of \$66 monthly in addition to the DIC rate otherwise payable.

Where to Apply. Any VA office.

REINSTATED ENTITLEMENT PROGRAM FOR SURVIVORS (REPS)

For Survivors of Deceased Veterans

Eligibility and Nature of Benefit

Benefits are payable to certain survivors of deceased veterans who died of service-connected causes incurred or aggravated prior to August 13, 1981. The benefits are similar to the benefits for students and surviving spouses with children between ages 16 and 18 which were eliminated from the Social Security

Act. The benefits are payable in addition to any other benefits to which the family may also be entitled. The amount of benefits is based on information obtained from the Social Security Administration.

Where to Apply. Any VA office.

DEATH COMPENSATION RELATING TO DEATHS BEFORE JANUARY 1, 1957

For Survivors of Deceased Veterans

Coverage

Death compensation payments are authorized for surviving spouses, unmarried children under 18 (as well as certain helpless children and those between 18 and 23 if attending a VA-approved school), and dependent parents of servicepersons or veterans who died before January 1, 1957, from a service-connected cause not the result of willful misconduct.

If service-connected death occurred after service, the veteran's discharge must have been under conditions other than dishonorable (see page iv).

Surviving spouses, children, and parents eligible for death compensation under this section may elect to receive DIC payments instead. They may not thereafter choose death compensation. For surviving spouses and children, DIC is the greater benefit. For dependent parents, it may or may not be depending on annual income.

Definition of Surviving Spouse

(a) **Date of Marriage**—Generally, to qualify, a surviving spouse must have married the veteran at least one year prior to his or her death unless a child resulted from the union.

(b) **Residence with Veteran**—The surviving spouse must have lived continuously with the veteran from the time of marriage until the veteran's death, except where there was a separation due to the misconduct of, or procured by, the veteran without fault on the part of the spouse.

(c) **Surviving Spouse's Remarriage**—The surviving spouse's remarriage following the death of the veteran makes her or him permanently ineligible for compensation based on the death of that veteran unless the purported remarriage is void, has been annulled or ends in death or divorce. A surviving spouse may also be ineligible if she or he has lived with another man or woman openly as the spouse. Should such relationship end, she or he may re-apply for benefits.

(d) **Purported Marriages**—If she or he meets the other qualifications, a person who married a veteran without knowing that a legal impediment to the marriage existed may be eligible for compensation in certain cases.

Definition of Dependent Parents

Parents are held to be dependent for death compensation if their income is insufficient to provide reasonable maintenance for themselves and for members of their family under legal age. Proof of dependency must be submitted to VA upon application for death compensation under this section.

Nature of Benefit

Monthly payments to eligible survivors are at rates of \$87 for surviving spouse, only with higher amounts if there are eligible children: children only \$67, \$94 and \$122 for one, two or three children respectively with \$23 for each additional child; and \$75 for one dependent parent or \$40 each for two dependent parents.

Additional Allowance for Surviving Spouses or Parents in Need of Aid and Attendance

A surviving spouse or parent who qualified for death compensation may be granted a special allowance for aid and attendance if a patient in a nursing home; or so nearly helpless or blind as to need or require the regular aid and attendance of another person. The additional allowance is \$79 monthly, which is payable in addition to the basic death compensation rate for which the surviving spouse or parent otherwise qualifies.

Where To Apply. Any VA office.

NONSERVICE-CONNECTED DEATH PENSION

For Surviving Spouses and Children of Deceased Spanish-American War, Mexican Border Period, World War I, World War II, Korean Conflict Period and Vietnam Era Veterans who have died of nonservice-connected causes.

Conditions of Veteran's Service

The veteran must have had 90 days wartime service, unless discharged or retired sooner for service-connected disability, and was discharged under conditions other than dishonorable (see page iv). If the veteran died in service not in line of duty, benefits may be payable if the veteran had completed at least two years of honorable active service.

Definition of Surviving Spouse

(a) **Date of Marriage**—Generally, to qualify, a surviving spouse must have married the veteran at least one year prior to his or her death unless a child resulted from the union; or, in the case of Vietnam Era veterans; the marriage occurs prior to May 8, 1985.

(b) **Residence with Veteran**—A surviving spouse must have lived continuously with the veteran from time of marriage until veteran's death, except while there was a separation due to the misconduct of or procured by the veteran without fault on the part of the spouse.

(c) **Remarriage**—Remarriage following the death of the veteran makes the surviving spouse ineligible for pension based on the death of that veteran unless the purported remarriage is void or has been annulled or is terminated by death or divorce. A surviving spouse may also be ineligible if after the death of the veteran she or he has lived with another man or woman and held herself or himself out openly to the public to be the spouse. Should such relationship terminate, she or he may reapply for benefits.

(d) **Purported Marriages**—If she or he meets the other qualifications, a person

who married a veteran without knowing that a legal impediment to the marriage existed, may be eligible for pension in certain cases.

Eligibility Requirements

Surviving spouses and unmarried children under age 18 (or until age 23 if attending a VA-approved school) of deceased veterans of these wars or conflicts may be eligible for pension based on need if they meet the applicable income standards.

Otherwise qualified children who became permanently incapable of self-support because of a mental or physical defect before reaching age 18 may receive a pension as long as the condition exists or until they marry.

Pension is not payable to those whose estates are so large that it is reasonable they look to the estates for maintenance.

Aid and Attendance or Housebound

A surviving spouse who is a patient in a nursing home or otherwise determined to be in need of the regular aid and attendance of another person, or is permanently housebound, may be entitled to higher income limitations or additional benefits, depending on the type of pension received.

IMPROVED PENSION

Effective December 1, 1983, the improved pension program provides for the following annual rates, generally payable monthly, reduced by the amount of the annual countable income of the surviving spouse or dependent children.

Surviving spouse without dependent children	\$3,695
Surviving spouse with one dependent child	\$4,841
Surviving spouse in need of regular aid and attendance without dependent child	\$5,912
Surviving spouse in need of regular aid and attendance with one dependent child	\$7,056
Surviving spouse permanently housebound without dependent child	\$4,518
Surviving spouse permanently housebound with one dependent child	\$5,661
Increase for each additional dependent child	\$ 935
Pension Rates for Surviving Children:	
Child alone	\$ 935
Each additional child	\$ 935

PROTECTED PENSION PROGRAMS

All surviving spouses and children who were on the rolls December 31, 1978, who do not elect improved pension, may continue receiving pension under the prior law at the rate they were receiving on that date. Monthly payments shall

continue as long as their income does not exceed the applicable income limitation or they do not lose a dependent.

INCOME LIMITATIONS FOR SECTION 306 SURVIVORS

Surviving Spouse without dependent child(ren)	\$6,273
Child(ren) alone	\$5,126
Surviving Spouse with child(ren)	\$8,435

INCOME LIMITATIONS FOR OLD LAW SURVIVORS

Surviving spouse without dependent child(ren)	\$5,490
Child(ren) alone	\$5,490
Surviving spouse with child(ren)	\$7,919

SPANISH-AMERICAN WAR DEATH PENSION

A surviving spouse of a Spanish-American War veteran receives a death pension of \$70 a month, or \$75 if she or he was the spouse during service, without regard to income. An additional \$8.13 is paid for each child. An additional \$79 is payable to a surviving spouse who is in need of the aid and attendance of another person or is a patient in a nursing home.

Death pension of \$73.13 per month is paid for one child where there is no surviving spouse, plus \$8.13 for each additional child.

REIMBURSEMENT OF BURIAL EXPENSES

*For Veterans of Spanish-American War, Mexican Border Period,
World War I, World War II, Korean Conflict Period,
Vietnam Era, and Certain Peacetime Service*

Eligibility

Veteran must have been discharged under conditions other than dishonorable.

Service-Connected Death Burial Allowance

Eligibility is established if the veteran died as a result of service-connected disability.

Non-service-Connected Death Burial Allowance (Deaths prior to Oct. 1, 1981)

Eligibility is established if the veteran served during a period of war, was entitled to service-connected compensation at the time of death or was discharged or retired for disability incurred in line of duty. Eligibility is also established if the veteran died while hospitalized or domiciled in a VA facility or other facility at VA expense.

Non-service-Connected Death Burial Allowance (Deaths on or after Oct. 1, 1981)

Eligibility is established if the veteran were entitled at the time of death to pension or compensation (or but for the receipt of military retired pay would have been entitled to compensation). Eligibility is also established if the veteran died while hospitalized or domiciled in a VA facility or other facility at VA expense. After October 1, 1982, eligibility may also be established in cases of certain indigent veterans whose remains are unclaimed.

Plot or Interment Allowance

Eligibility for the plot or interment allowance is established if the requirements for the burial allowance are met. Eligibility is also established if the deceased were

a veteran of any war, or was discharged or retired from service because of a disability which was incurred or aggravated in line of duty.

Who May Claim Reimbursement

Funeral director, if unpaid, otherwise person who bore veteran's burial expenses.

Nature of Benefit

Payment, not to exceed \$300, toward veteran's burial expenses. Claim must be filed within two years after permanent burial or cremation. Additional costs of transportation of the remains may be allowed if the veteran died while hospitalized or domiciled in a VA hospital or domiciliary or at VA's expense or died in transit at VA's expense to or from a medical facility.

Payment of an amount not exceeding \$150 as a plot or interment allowance in addition to the \$300 basic burial allowance when the veteran is not buried in a National Cemetery or other cemetery under the jurisdiction of the United States Government.

Burial or plot allowances may not be paid to the extent that they were paid by the deceased's employer or by a State agency or a political subdivision of a State. However, when a veteran is interred in a cemetery or a section of a cemetery owned by a State or a political subdivision of a State which is reserved solely for veteran burials, the plot allowance of up to \$150 may be payable to the State or the political subdivision thereof.

Payment of an amount not exceeding \$1,100 or the Federal Death Benefit, whichever is greater, as a burial allowance if the veteran's death is service-connected. This payment is in lieu of the \$300 basic burial allowance and the \$150 plot-interment allowance.

The VA will pay the cost of transporting the remains of deceased, service-disabled veterans to the national cemetery nearest their home having available grave space.

Where To Apply. Any VA office.

BURIAL FLAGS

For Veterans of Spanish-American War, Mexican Border Period, World War I, World War II, Korean Conflict Period, Vietnam Era and of Certain Peacetime Service

Eligibility

The deceased veteran must have been discharged under conditions other than dishonorable (see page iv) and must have been either a wartime veteran or one who served after Jan. 31, 1955, or a veteran who served at least one enlistment during peacetime, unless discharged or released sooner for disability incurred in line of duty. VA may also issue a flag for a veteran who is missing in action and is later presumed dead.

Nature of Benefit

American flag to drape casket of veteran, after which it may be given to next of kin, close friend or associate of the deceased.

Where To Apply. Any VA office or most local post offices.

BURIAL IN NATIONAL CEMETERIES

For Veterans of Spanish-American War, Mexican Border Period, World War I, World War II, Korean Conflict Period, Vietnam Era, Peacetime Service, and Certain Members of Their Families

Eligibility

Burial is available to any deceased veteran of wartime or peacetime service (other than for training) who was discharged under conditions other than dishonorable (see page iv) at all Veterans Administration national cemeteries. (see listing.) Members of the Reserve and the Army and Air National Guard who die while performing or as a result of performing active duty for training may also be eligible.

Burial is also available to an eligible veteran's wife, husband, widow, widower, minor children and, under certain conditions, to unmarried adult children.

Headstones and markers are provided for the gravesites of those interred in national cemeteries. No application is required.

Detailed information regarding eligibility and interments is contained in VA pamphlet titled, "Interments in National Cemeteries." Copies may be obtained from any VA office.

Arlington National Cemetery (Department of the Army)

This Cemetery is under the jurisdiction of the Department of the Army and burial is limited to specific categories of military personnel and veterans except in the case of cremated remains to be placed in the columbarium. For information you should write to the Superintendent, Arlington National Cemetery, Arlington, Va. 22211 or telephone (202) 695-3253 or 3250.

Where to Apply

Any VA office will provide information and other assistance in filing burial request applications. Applications should be made only at the time of death of the veteran or that of an eligible dependent by contacting the Director of the National Cemetery desired. Ordinarily this is done by the attending funeral director.

HEADSTONE OR GRAVE MARKER

For Veterans of Spanish-American War, Mexican Border, World War I, World War II, Korean Conflict Period, Vietnam Era, and Peacetime Service

Headstones and markers are provided for the gravesites of those interred in national cemeteries. No application is required.

Eligibility

Headstone or grave marker is available for any deceased veteran of wartime or peacetime service (other than for training) who was discharged under conditions other than dishonorable (see page iv) and is buried in a private cemetery. Members of the Reserve and the Army and Air National Guard who die while performing or as a result of performing active duty for training may also be eligible.

Nature of Benefit

A headstone or grave marker is provided without charge and shipped at Government expense to the consignee designated. The cost of placing the marker in a private cemetery must be borne by the applicant. Applicants are cautioned to ensure the correctness of all information.

The benefit does not apply to members of a veteran's family who are buried in a private cemetery but does apply to the family members buried in a veteran's cemetery owned by a State.

(See below for Headstone or Grave Marker Monetary Allowance.)

Where to Apply

Forward applications (VA Form 40-1330) to the Director, Monument Service (42), Department of Memorial Affairs, Veterans Administration, Washington, D.C. 20420. Any VA office will provide information and other assistance.

Inquiries

Information regarding the status of a headstone/marker application for placement in a private cemetery can be obtained by writing to the Director, Monument Service (42), Department of Memorial Affairs, Veterans Administration, Washington, D.C. 20420 or by calling (202) 275-1494 or 1495.

Inquiries regarding the headstone/marker for a gravesite in a national cemetery can be obtained from the Director of the National Cemetery involved.

HEADSTONE OR GRAVE MARKER MONETARY ALLOWANCE

Eligibility and Nature of Benefit

See above, "Headstone or grave marker" section.

The VA may pay an amount not to exceed the average actual cost of a Government headstone or marker as partial reimbursement for the cost incurred by the person acquiring a non-Government headstone or marker *for placement in a cemetery other than a national cemetery*. The amount normally changes from year to year. Effective October 1, 1983, it was \$68.

Where to Apply. Any VA Regional Office. Ask for VA Form 21-8834.

PRESIDENTIAL MEMORIAL CERTIFICATES

*For the Next of Kin of Deceased Eligible Veterans
or of Persons Who Were Members of the Armed Forces
at Time of Death*

Eligibility

Eligibility for a deceased veteran is based on having a discharge other than dishonorable. (See page iv.) Eligible recipients include the next of kin (widow, widower, oldest child, parent or oldest sibling), a relative or friend upon request, or an authorized representative acting on behalf of such relative or friend.

Nature of Benefit

The certificate expresses the country's grateful recognition of the person's service in the Armed Forces and bears the signature of the President.

Where to Apply

Notice of a veteran's death is normally received in one of VA's regional offices and that facility identifies the next of kin from the veteran's records and requests the certificate from Washington, D.C. Next of kin of veterans need not apply. Others should apply to a VA regional office.

MEMORIAL MARKERS AND MEMORIAL PLOTS

*For Certain Veterans Whose Remains are Nonrecoverable,
Not Identified, Buried at Sea, Donated to Science,
or Cremated and Ashes Scattered*

Eligibility

A memorial headstone or marker may be furnished on application of a close relative recognized as the next of kin to commemorate any eligible veteran (including a person who died in the active military, naval, or air service) whose remains have not been recovered or identified, or were buried at sea (whether by the veteran's own choice or otherwise); were donated to science, or were cremated and the ashes scattered without interment of any portion of the ashes. The memorial may be erected in a private cemetery in a plot provided by the applicant or in a memorial section of a national cemetery.

Where to Apply

Forward applications (VA Form 40-1330) for memorial markers to Director, Monument Service, (42), Department of Memorial Affairs, Veterans Administration, Washington, D.C. 20420. Any VA office will provide information and other assistance in filing applications.

OVERSEAS BENEFITS

Medical Benefits

Veterans with service-connected disabilities should obtain a statement of the disabilities from the VA office that maintains their medical records before going overseas.

The statement will enable the veteran to obtain emergency treatment or hospitalization—paid for by VA—when proper application for medical benefits and the statement are presented to a U.S. Embassy or Consulate in a foreign country. Application for treatment should be made in advance or within 72 hours of need for emergency care.

The Veterans Memorial Medical Center in Manila is the only overseas hospital

where VA-paid care is available to veterans with nonservice-connected disabilities. Veterans may be admitted on a space-available basis and then only if they cannot afford other hospitalization.

Other Overseas Benefits

Certain VA educational benefits are available overseas to eligible veterans, their spouses and children. Details on the availability of these benefits should be obtained from VA when planning an extended trip or permanent move overseas.

VA will mail compensation and pension checks to most overseas locations, but GI home loans are not available for overseas properties.

Veterans residing in foreign countries should contact the nearest American Embassy or Consulate for information or assistance.

APPEALS

All Prospective VA Beneficiaries

Eligibility

Claimants have the right to appeal determinations made by a VA regional office or hospital which they believe are unfavorable to them. Not all field determinations are appealable but those dealing with compensation or pension benefits, education benefits, waiver of recovery of overpayments, and reimbursement of unauthorized medical services are typical issues which may be appealed to the Board of Veterans Appeals.

Time Limits; Where to File

A claimant has one year from the date stamped on the notification of the determination within which to file an appeal. An appeal is initiated by filing a "Notice of Disagreement" in which the claimant expresses his or her dissatisfaction and requests appellate review. This Notice of Disagreement should be filed with the VA facility responsible for making the determination.

Following receipt of a Notice of Disagreement, the VA office will furnish the claimant a "Statement of the Case" setting forth the issue, facts, applicable law and regulations, and the reasons for the determination.

In order to complete the request for appeal, the claimant must file a "Substantive Appeal" within 60 days after the date stamped on the Statement of the Case, or within one year from the notification of the original determination, whichever is later.

Board of Veterans Appeals

The Board of Veterans Appeals is responsible for rendering all final decisions. A personal hearing on appeal may be arranged any time following the filing of a Notice of Disagreement. The personal hearing may be held in Washington, D.C., before a traveling section of the Board at a nearby VA office, or before a board of the VA office acting as agents for the Board of Veterans Appeals.

Additional information on appeals may be found in VA pamphlet 1-1, "Board of Veterans Appeals, Appeals Regulations and Rules of Practice," available from VA (01C1), Board of Veterans Appeals, Washington, D.C. 20420. The appellate decisions of the Board of Veterans Appeals have been indexed to facilitate access to the contents of decisions (BVA Index I-01-1). The index is published quarterly in microfiche form with an annual cumulation. It is organized to provide citations

to BVA decisions under subject terms chosen to describe the issues adjudicated in the appeals. Cases which pertain to the same issues are grouped together in the index under alphabetically arranged subject terms. The index is available at VA regional offices and at the Board of Veterans Appeals in Washington, D.C. Microfiche copies can be obtained by writing to the Appellate Index and Retrieval Staff (01C1), Board of Veterans Appeals, Washington, D.C. 20420.

NON-VA BENEFITS

There are various benefits available to veterans and their dependents which are not administered by the Veterans Administration. These are summarized below with information as to how to contact the proper agency.

REEMPLOYMENT RIGHTS

For Veterans of World War II, Korean Conflict Period, Post-Korean Period, Vietnam Era and Peacetime Service

1. For private employment and State or local government employment. Contact any office of Veterans' Reemployment Rights, U.S. Department of Labor.

2. For Federal employment. U.S. Office of Personnel Management. Contact any of its regional offices or any Federal Job Information Center.

Eligibility

1. Private employment and State or local government employment. Employees must have left other than temporary employment to enter military service; must have served not more than 5 years after August 1, 1961, after leaving the employment to which he or she claims restoration, provided that any service over four years was at the request and for the convenience of the Government; must have been separated honorably or under honorable conditions; and must be qualified to perform the duties of that job or, if disabled while in military service, some other job in employer's organization of comparable seniority, status, and pay. Employees returning to state or local government employment are protected by Federal law if released from military training or service on or after Dec. 3, 1974. The time limits on active duty are extended, in the case of a member of the Selected Reserve called up for active duty (other than for training) for not more than 90 days, by the length of such active duty.

2. Federal employment, including employment by the U.S. Postal Service. Generally the same as for private employment.

Nature of Benefit

Restoration in the position the veteran would have attained had he or she not been absent, or in another position of like seniority, status, and pay, including all benefits falling due after reemployment which would have accrued by seniority. Protection against discharge without cause for 1 year (6 months in the case of a Reservist or Guard member returning from initial active duty for training, or a member of the Selected Reserve returning from a call-up to active duty, other than for training, for not more than 90 days).

Applying for Reemployment

A veteran must apply to his preservice employer *within 90 days* after separation from active duty or release from hospitalization continuing for not more than a year immediately after active duty. For Reservists and National Guard members returning from initial active duty for training of 3 consecutive months or more, and for members of the Selected Reserve returning from active duty (other than for training) for not more than 90 days, the application period is 31 days instead of 90. Reservists and National Guard members returning from other types of military training duty must report back to their employer for the next scheduled work period after their return home, allowing for hospitalization and necessary travel and rest time.

UNEMPLOYMENT COMPENSATION

The purpose of unemployment compensation for veterans is to provide a weekly income for a limited period of time to help veterans meet basic needs while searching for employment. The amount and duration of payments are governed by Federal and State laws and vary considerably. Benefits are paid from Federal funds.

Recent changes in Federal law have resulted in eligibility restrictions. Veterans should apply immediately after leaving service at their nearest local State employment service/job service office (NOT at the VA) and present copy 4 of their DD Form 214 to determine their eligibility for benefits.

JOB-FINDING ASSISTANCE

Assistance in finding jobs is provided to veterans through State employment/-job service local offices throughout the country. The local Veterans Employment Representatives provide functional supervision of job counseling, testing and employment placement services provided to veterans. Priority in referral to job openings and training opportunities is given to eligible veterans, with preferential treatment for disabled veterans. In addition, the job service assists veterans who are seeking employment by providing information about job marts, on-the-job and apprenticeship training opportunities, etc., in cooperation with VA Regional Offices, and Veterans Outreach Centers.

Veterans should apply for this kind of help at their nearest local State employment/job service office.

EMPLOYMENT IN THE FEDERAL GOVERNMENT

As a result of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, the United States has a policy of promoting maximum job opportunities within the Federal government for qualified disabled veterans and Vietnam era veterans.

Under the law, all Federal agencies are required to establish affirmative action plans to facilitate employment and advancement of disabled veterans and other handicapped persons.

All veterans may be eligible to receive helpful advantages in Federal employment such as additional points added to passing scores in job examinations, waivers of certain physical requirements, first consideration for certain jobs, and preference for retention in layoffs.

Similar benefits are provided for: (1) unmarried widows or widowers and

mothers of certain deceased veterans or military personnel; (2) spouses of service-connected disabled veterans who are no longer able to work in their usual occupations; and (3) mothers of permanently and totally service-connected disabled veterans.

Under the expanded Veterans Readjustment Appointment (VRA) authority, a nondisabled Vietnam Era veteran who has completed no more than 14 years of education may be hired by a Federal agency without requiring competition in a regular civil service examination, provided that the veteran agrees to participate in a program of education or training. This 14 years of education restriction does not apply to compensably disabled Vietnam era veterans nor Vietnam era veterans discharged because of service-connected disabilities.

Under the noncompetitive appointment authority for 30 percent disabled veterans, a disabled veteran with a compensable service-connected disability of 30 percent or more may be given by a Federal agency a non-competitive appointment which may lead to conversion to career or career-conditional employment.

More specific information concerning these benefits and other Federal job information may be obtained by contacting the Federal Job Information Centers of the U.S. Office of Personnel Management. The Centers are listed in telephone books under United States Government. Or veterans may obtain a nationwide listing of the Federal Job Information Centers by writing the U.S. Office of Personnel Management, Federal Job Information Center, 1900 E Steet, N.W., Washington, D.C. 20415.

Veterans may also inquire at any Veterans Administration facility for information about employment in the Federal government.

AFFIRMATIVE ACTION IN EMPLOYMENT

Federal legislation prohibits employers with federal contracts or subcontracts of \$10,000 or more from discriminating in employment against Vietnam-era and all disabled veterans. It also requires these contractors to take affirmative action — or positive steps — to employ and advance in employment Vietnam-era and all disabled veterans.

Vietnam-era veterans are covered by this program through 1991. Disabled veterans, covered throughout their working life, are those with a 30 cent or more disability and those whose discharge or release from active duty resulted from a disability incurred or aggravated in the line of duty.

Legislative requirements are administered by the U.S. Labor Department's Office of Federal Contract Compliance Programs. Complaints may be filed with that office or the local Veterans' Employment Representative at the local State employment service office.

CORRECTION OF MILITARY RECORDS

The Secretary of a military department, acting through a Board for Correction of Military Records, has authority to correct any military record when he considers it necessary to correct an error or remove an injustice.

Some veterans may encounter situations in which they feel they have been victims of error or injustice related to their military service. Applications for correc-

tion of a military record, including review of discharges granted by courts martial, may be considered by a correction board.

Generally, a request for correction must be filed by the veteran, survivor or legal representative within three years after discovery of the alleged error or injustice. However, the board may excuse failure to file within the prescribed time if it finds it would be in the interest of justice to do so. In order to justify correction, it is necessary to show to the satisfaction of the board that the alleged entry or omission in the records was in error or unjust. Applications should include all evidence which may be available such as signed statements of witnesses or a brief of arguments supporting the requested correction. Application must be made on DD Form 149, which may be obtained at any VA office.

MEDALS

Medals awarded while in active service will be issued upon individual request to the appropriate service: ARMY — Commander, U.S. Army Reserve Components, Personnel and Administration Center, ATTN: AGUZ-PSE-AW, 9700 Page Blvd., St. Louis, Mo. 63132. NAVY — Chief of Naval Personnel, Department of the Navy, Washington, D.C. 20370. AIR FORCE — National Personnel Records Center, 9700 Page Blvd., St. Louis, Mo. 63132. MARINES — National Personnel Records Center, 9700 Page Blvd., St. Louis, Mo. 63132. COAST GUARD — Commandant, (G-PS-5) U.S. Coast Guard, Washington, D.C. 20593.

COMMISSARY AND EXCHANGE PRIVILEGES

Honorably discharged veterans with a service-connected disability rated at 100 percent, unmarried surviving spouses of members or retired members of the Armed Forces, recipients of the Medal of Honor, eligible dependents of the foregoing categories, and eligible orphans are entitled to unlimited exchange and commissary store privileges in the United States. Certain reservists and dependents also are eligible. (Entitlement to these privileges overseas is governed by international law, and privileges are available only to the extent agreed upon by the foreign governments concerned.) Certification of total disability will be given by the Veterans Administration. Assistance in completing DD Form 1172 (Application for Uniformed Services Identification and Privilege Card) may be provided by the VA.

CREDIT FOR FARMS, HOMES, COMMUNITY DEVELOPMENT

Credit and management advice can be provided by Farmers Home Administration (FmHA) to qualified individuals to buy, improve or operate farms. Loans for housing in towns principally up to 20,000 population are available as are loans to communities to install water and waste disposal systems and other community facilities.

For individual loans, applications from eligible veterans have preference for

processing. For further information contact FmHA, U.S. Department of Agriculture, Washington, D.C. 20250, or apply at local FmHA offices, usually located in county seat towns.

FEDERAL HOUSING ADMINISTRATION (FHA) HOME MORTGAGE INSURANCE

HUD administers the FHA Home Mortgage Insurance Program for veterans. These home loans require less downpayment than under other FHA programs. Veterans discharged under other than dishonorable conditions with at least 90 days' service which began before September 8, 1980, are eligible. Veterans with enlisted service after September 7, 1980, must have served at least 24 months unless discharged for hardship or disability. Active duty for training is qualifying service. Submit VA Form 26-8261a (from any VA office) to VA for a Certificate of Veterans Status. This certificate is submitted by the lender to FHA.

JOB TRAINING PARTNERSHIP ACT

The Job Training Partnership Act provides for a national job training program for disabled, Vietnam-era, and recently separated veterans conducted by the Department of Labor. Veterans' programs may be conducted through public agencies and private nonprofit organizations. The Assistant Secretary for Veterans Employment and Training is responsible for administering the funding and monitoring of the program. Close coordination with the Veterans Administration is required.

Veterans should inquire about the availability of such programs at their nearest local State employment/job service office, NOT at the VA.

DISABLED VETERANS OUTREACH PROGRAM

Administered by the Assistant Secretary for Veterans Employment and Training of the Department of Labor, this program provides funds for use in States to locate and help disabled veterans, especially those of the Vietnam-era, find jobs. Staff performing these outreach duties are usually disabled veterans themselves who work closely with the VA, veterans organizations and other community groups. Most staff are located in offices of the State employment/job service but may be stationed in the VA's veterans' assistance centers, psychological and readjustment counseling centers, and other suitable VA facilities.

NATURALIZATION PREFERENCE

Aliens with honorable service in the U.S. Armed Forces during periods in which the United States was engaged in conflicts or hostilities, who have either been lawfully admitted to the United States for permanent residence or who, not hav-

ing been so admitted, were inducted, enlisted, re-enlisted or extended an enlistment in the Armed Forces while within the United States, Puerto Rico, Guam, the Virgin Islands of the United States, the Canal Zone, American Samoa or Swains Island, may be naturalized without having to comply with some of the general requirements for naturalization. Contact the nearest office of the Immigration and Naturalization Service for application and further details.

Aliens with honorable service in the U.S. Armed Forces for three years or more during periods not considered a conflict or hostility by Executive Order may be naturalized provided they have been lawfully admitted to the United States for permanent residence. Applications must be made within six months of discharge for eligibility.

REVIEW OF DISCHARGES

(Also see Eligibility, page iv.)

Each of the military services maintains a Discharge Review Board with authority to change, correct or modify discharges or dismissals that are NOT issued by a sentence of a general court-martial. The Board has NO authority to address medical discharges. The veteran (or, if deceased or incompetent, the surviving spouse, next of kin or legal representative) may apply for a review of discharge by writing to the Military Department concerned using Department of Defense Form 293 (DD-293), which may be obtained at any VA office. If more than 15 years have passed since discharge, DD Form 149 should be used for applications to the Board for the Correction of Military Records.

Service discharge review boards conduct hearings by established boards in Washington, D.C. Also traveling review boards visit selected cities to hear cases based on demand as evidenced by the number of applicants who have submitted DD Forms 293. In addition, the Army sends teams to other locations to video tape applicant's testimony. This tape is reviewed by a regularly constituted board in Washington, D.C.

Under Public Law 95-126, discharges awarded as a result of unauthorized absence in excess of 180 days make persons ineligible for receipt of VA benefits regardless of action taken by discharge review boards unless the VA determines there were "compelling circumstances" for the absences. Boards for the Correction of Military Records may assist eligible veterans to overcome this restriction. Applications to the boards are made on DD Form 149.

Veterans with disabilities incurred or aggravated during active military service in line of duty may qualify for medical or related benefits regardless of the type of administrative separation and characterization of service.

Veterans separated administratively under other than honorable conditions solely for the personal use and possession of drugs prior to July 1971 may request that their discharges be reviewed for possible recharacterization to "under honorable conditions." Additionally veterans with discharges under other than honorable conditions based solely on alcoholism will be reviewed upon application for possible recharacterization.

Questions regarding discharge review may be addressed to the "Senior Member

of the Discharge Review Board" at the following addresses:

Army—Washington, D.C. 20310

Navy and USMC—Washington, D.C. 20370

Coast Guard—Washington, D.C. 20591

Air Force—Randolph AFB, Texas 78148

DEATH GRATUITY

Military services provide death gratuities to surviving spouses and dependents. A sum, equal to 6-months pay of the deceased but not less than \$800 nor more than \$3,000, is paid to the deceased veteran's spouse, children, or if designated by the deceased, parents, brothers, or sisters. This is paid as soon as possible by the command to which the deceased was attached. If not received within a reasonable time, application should be made to the service concerned. The death gratuity is payable in case of any death in active service, or any death within 120 days thereafter from specified causes related to active service.

SMALL BUSINESS ADMINISTRATION

SBA has a number of programs designed to help foster and encourage small business enterprise, including businesses owned or operated by veterans. SBA also assists veterans to become the owners of their own small businesses. Help available from SBA includes advocacy in addition to financial and management assistance. Most SBA loans are made under its Loan Guaranty Program. The money is advanced by the bank or other lending institution, with SBA guaranteeing up to 90 percent of the total amount. In 1983, the SBA was funded by the Congress to administer a loan program directed to Vietnam era and disabled veterans. A Vietnam era or disabled veteran who meets SBA's credit criteria and is otherwise eligible may qualify for a direct loan, if unable to obtain financing from commercial or other lenders. In each SBA field office there is a veterans affairs officer who is designated the contact person for veterans, and who will assist you in your contact with the SBA. Information on any of SBA's programs is available without charge from any of its national network of about 100 field offices. Veterans should check the U.S. Government section of the local phone book for addresses of the nearest SBA office.

SOCIAL SECURITY CREDITS

Monthly retirement, disability, and survivors benefits under Social Security are payable to a veteran and dependents if he or she has earned enough work credits under the program. A lump sum death payment of \$255 also is made upon the veteran's death and can be paid only to the veteran's eligible spouse or child entitled to benefits. In addition, the veteran may qualify at 65 for Medicare's hospital insurance and medical insurance. Medicare protection also is available to

people who have received Social Security disability benefits for 24 months and to insured people and their dependents with permanent kidney failure who need dialysis or kidney transplants.

Active duty (or active duty for training) in the United States uniformed services has counted toward Social Security, since January 1957, when taxes were first withheld from a serviceperson's basic pay. Service personnel and veterans receive an extra \$300 credit for each quarter in which he or she received any basic pay for active duty or active duty for training after 1956 and before 1978. After 1977, a credit of \$100 is granted for each \$300 of reported wages up to a maximum credit of \$1,200 if reported wages are \$3,600 or more. No additional Social Security taxes are withheld from pay for these extra credits. Also, noncontributory Social Security credits of \$160 a month may be granted to veterans who served after September 15, 1940, and before 1957.

Further information about Social Security credits and benefits is available from any of the more than 1,300 Social Security offices. For the address and phone number, look in the telephone directory under Social Security Administration.

OVERSEAS CEMETERIES, PASSPORTS

When traveling overseas primarily to visit the place of burial or memorialization, immediate members of the family (widows, parents, children, sisters, brothers and guardians) of veterans buried in or commemorated on the Tablets of the Missing of the permanent American military cemeteries on foreign soil may be eligible for "Non-fee or Fee-free" passports. For additional information, please write to the American Battle Monuments Commission, Room 5127, Pulaski Building, 20 Massachusetts Avenue, N.W., Washington, D.C. 20314.

ATTENTION VETERANS, VETERANS' FAMILIES

The VA Administers benefits for certain veterans, children, and parents of veterans. All are described in this pamphlet.

To file a claim, it will be necessary to identify the veteran. If the veteran, in turn, had ever filed a VA claim and the veteran's file number ("C" number) is known, the file number serves as identification.

Otherwise, it will be necessary to establish the veteran's identity by submitting the veteran's full name and a copy of discharge from service or military service number, branch of service, and dates served.

The VA advises keeping the above information, and the veteran's government insurance number, in a safe, convenient location. Also, a statement regarding burial preference (location and type of burial) should be included in the veteran's personal papers.

If not already on record in VA files, the following documents will be required for claims.

(a) The veteran's death certificate for all claims where the veteran died outside of service or outside of a VA hospital.

(b) The veteran's marriage certificate where the claim is made for the surviving spouse or children.

(c) The children's birth certificates, whether claim is made in the child's own right or by the surviving spouse.

(d) The veteran's birth certificate if the parents of the veteran wish to establish eligibility.

Immediate Death Benefits

The immediate benefits following the death of the veteran—a burial flag and burial in national cemeteries (see text of pamphlet for full details) can be secured with the aid of the funeral director handling the veteran's funeral. The funeral director's requests are usually sufficient to alert the VA insurance division so that an insurance claims form is sent to the veteran's beneficiary without inquiry on the beneficiary's part.

GI Insurance

If the funeral director has not alerted the VA at the time of the veteran's death, families in the eastern half of the United States should send their insurance claim to the VA Regional Office and Insurance Center, P.O. Box 8079, Philadelphia, Pa. 19101. Families in the western half of the nation should address the VA Regional Office and Insurance Center, Bishop Henry Whipple Federal Building, Fort Snelling, St. Paul, Minn. 55111. Be sure to send the complete name of the veteran and number of the policy or, if the number is unknown, identify the veteran by file number, military serial number or the branch and dates of military service, and date of birth.

Servicemen's Group Life Insurance (SGLI) Veterans Group Life Insurance (VGLI)

Designated beneficiaries of those deceased persons covered by SGLI or VGLI may submit their claim to the Office of Servicemen's Group Life Insurance, 213 Washington St., Newark, N.J. 07102. They should send the full name of the insured member together with other identifying information such as military serial number, branch of service, dates of military service, Social Security number and dates of birth and death. Claim forms may be secured from the nearest VA office, or by writing to the Office of Servicemen's Group Life Insurance at the above address.

Burial Expense Reimbursement

The funeral director will also assist in filing for *Reimbursement of Burial Expenses* (see text).

Compensation

If the veteran's death was service-connected, the surviving spouse and minor children may be eligible for *Dependency and Indemnity Compensation* (see text).

Pension

Nonservice-connected death may entitle the surviving spouse and veteran's minor children to *Pension* payments (see text).

Parent's Compensation

In certain cases, parents may be eligible for *Dependency and Indemnity Compensation* (see text).

Children's Benefits — Restoration or Entitlement to, Upon Termination of Child's Marriage.

Entitlement to benefits payable to or on behalf of a child which has been denied or terminated by reason of the child's marriage may be restored if the marriage is terminated by death or dissolved by a court decree.

Children's Education

Children of veterans who die or become permanently and totally disabled because of service-connected disabilities or of service personnel who are missing in action or prisoners of war may be eligible for *Dependents' Educational Assistance* (see text).

Surviving Spouse's Education

Surviving spouses of veterans who died as the result of service-connected disabilities are eligible for educational assistance (see text).

Spouse's Education

Spouses of veterans who are permanently and totally disabled because of a service-connected disability and spouses of servicepersons who are missing in action or prisoners of war are eligible for educational assistance (see text).

Home Loans for Surviving Spouses

Unmarried surviving spouses of veterans of any period of service occurring since September 16, 1940, whose deaths were service-connected, are eligible for a *GI home loan* (see text).

Home Loans for Spouses

Spouses of service personnel who are missing in action or prisoners of war are eligible for a *GI home loan* (see text).

Death Gratuity

Paid by the Armed Services to surviving spouses, children—and if designated by the deceased—to parents, brothers or sisters (see text).

Notice

Veterans should acquaint their families with the location of their military records, their file number and the insurance numbers to save delay.

"VA — MAY I HELP YOU?"

For information or assistance in applying for veterans' benefits, write, call, or visit a Veterans Benefits Counselor at the nearest VA regional office or VA office listed on the following pages, or a local veterans service organization representative. Application for medical benefits may be made at a VA medical center (see H—Hospital Care below) or any VA station with medical facilities.

To help VA provide prompt service, callers are advised to have full identifying information on hand when they call VA. (See index for "Attention Veterans, Veterans' Families.")

All 50 states have toll-free telephone services to VA regional offices. The telephone numbers listed after each regional office are the toll-free benefits information numbers to that office for the areas shown. Local telephone numbers are also listed for VA hospitals and clinics.

Please note: Telephone numbers are subject to change. If you are unable to reach VA at the number listed for your area or if you are unsure which number to call, consult the pages of your local telephone directory under U.S. Government, Veterans Administration, for the benefits information number. The directory assistance operator can also assist you.

To assure that accurate information and courteous responses are given to the public, VA supervisory personnel occasionally monitor telephone calls. No record is kept of the caller's name, address, claim or telephone number.

GI life insurance is administered at the VA Regional Office and Insurance Center in St. Paul or Philadelphia. For any information concerning a policy, write directly to the VA Center administering it. Give the insured's policy number, if known. The insured's full name, date of birth, and service number should be given if the policy number is not known.

VA FACILITIES—WHERE TO GO FOR HELP

(Also see listing "Where To Apply for Alcohol or Drug Dependence Treatment" on page 65, "Veterans Administration Vet Centers" on page 66, and "Veterans Administration National Cemeteries" on page 69.)

VA installations are listed below by state. Information on VA benefits may be obtained from the following installations: Regional Offices (RO); other offices (O); Regional Office and Insurance Centers in Philadelphia and St. Paul, and United States Veterans Assistance Centers (USVAC). Abbreviations of other installations are as follows: H—Hospital Care; D—Domiciliary Care; NHC—Nursing Home Care; OC—Outpatient Clinic (independent); OCH—Outpatient Clinic (physically separated from hospital); OCS—Outpatient Clinic Substation.

Beneficiaries residing or traveling overseas requiring information or assistance relative to VA benefits, should contact the nearest American Embassy or Consulate.
