Dear Daniel,
Something in what you said about as a Point Man you become separate - I had never thought about it that way but I believe you're right and that is why I still separate when the shit hits the fan. A loneness is my friend and mentally I go back to the jungle of Nam for solitude. In so many ways 'the world' feels like an illusion and has since Nam.

I try to live each moment for what the moment is otherwise I'd spend too much time back in Nam - and Nam is so far behind me - yet so near. Anyway, thanks for the conversation on the phone. It was good to talk with someone who knew Snider and Dolly. Speaking of which I spoke with Doll on the phone and he may join me in Nam. I fly into Saigon on July 14 and leave from Hanoi Aug 12. I hope Doll joins me. Sounds like it would do him some good to meet up with his wife's family.

I haven't received Fred White's tape yet and I'd like to have a look at it before my trip. So if you can send it I'd sure appreciate it. I might go to Phan Thiet this trip and I wanted to get a feel for the place again. It was the heaviest place for me.

I will definitely get a rock for your wife, Barbara and will send it along when I return to Aust.

Good luck with everything - thank for all the
work you're doing to help heal the Brothers.
And have a great reunion and please tell all
my friends hello.

Take Care

Billy G.
