Hobby,

All I need is a copy of the form you showed me to put in the record of your membership.

I got a letter from the prison the other day notifying me that I was on Jerry's phone list. You probably have one by now, if not, soon.

Thanks for taking the time and concern to spend some time with "Rocky". I can imagine what it would be like if I were in his place and how much it would mean to be able to have some real contact with reality. I sent him a list and contact info on all you guys that live up there in his area right after the get together, so I guess he's been busy getting in touch.

I sure do hope you can make the reunion in Tacoma, it's going to be a hum dinger! Newsletter with all the gory details will be in the mail Monday or Tuesday. I'll keep my fingers crossed for you!

Thanks for the commo Hobby.

Sincerely,
