

GRAFENWÖHR, Germany, 31 JAN 1993

Service Pope

Jan, thank you for your letter. I was pleasantly surprised to see your mail. We've been stationed in Germany since 7 ~~Feb~~^{Dec} 1992.

Grafenwöhr is a training area for tanks and Bradley's and it's situated in the central-eastern portion of Germany, by the Bavarian Alps.

I don't know if you remember SFC CHECK, PSG for 2nd Plt C/75 Regt. I saw him here. He retired as a CSPT a couple of years ago.

Although I didn't have the chance to talk with him too much, I'll track him down again to let him know that I have him on the tape that we copied on the last Regt convention @ Ft. Benning. I'll also pass on the literature you sent to me.

Your article is a well written article, "The Lost Army", that many people ought to find interesting. I, personally, found it enlightening.

I'll be in the US (Washington^{DC}) for about one week around the last week of Feb. Let me know if any of the C/75 guys are around that area that I may contact.

I am a Bde-level C&I here and I'm working w/ four tiny communities: Breda, Vikse, Hoenfeld and Wildflecken. I'll probably remain in Europe for the next 3 years.

Although, at present, I find it difficult to attend the Roney memorial in July; I don't discount the remote possibility that I may show up.

Let's stay in touch! Again, thank you for your letter and I hope to hear from you again - My regards to your wife.

Carlos
