Fred White

Fred,

In reference to your recent letter regarding a Vets assistance program within the Assoc., Roy Boatman has voiced a desire to me to get something started in that respect. He doesn't really know that much about it, and I've been trying to get him educated on the subject since the reunion in August '94. He asked me for a recommendation of someone who would be willing and knowledgable to take it on. I suggested Dave Dolby and Dave agreed, but I really don't think Dave can handle the pressure very well.

Your suggestions are very good, and I agree, there needs to be a lot of work and organization put into helping other guys with their claims. More than anything, they need the kind of information that guys like you and I have, that you can't get from the books or info available anywhere else. We need to have our own national service officer with all the info at his disposal to guide guys through their claims. There are a lot of guys in the Assoc. who have been through it and have the kind of input and info we need, but it all needs to be assimilated and put in order so that it can be utilized.

Why don't you volunteer to do some work on it. Call Roy Boatman and Dave Dolby and see what you can get going. Someone just needs to take on getting it started.

Roy Boatman  
Dave Dolby

We even have guys in the Assoc. who are case officers and/or counselors in the DAV and VA systems. One of them could possibly be motivated to be our service officer.

I'll help as much as I can, but I'm pretty maxed out with taking care of E/20 - C/75. Keep me posted, it's a very needed task right now.

RANGERS LEAD THE WAY
