Walter,

Thank you for your recent letter. I was not aware of the access information from Archives, nor the release of the C/75th records. I will certainly follow up on your suggestion. As you already know, I am very interested in compiling a complete history for us and this may very well be invaluable.

Also, thanks for pointing out the discrepancy in the KIA's for E/20th. At the time my wife wrote the poem I was in the initial stages of researching our KIA's and the story I was told about this incident included 3 KIA's. I have since obtained additional information and have corrected this mistake.

Thanks again for your input and support.
