Richard,

I really appreciated your letter. A little positive reinforcement really goes a long way right now.

Having not gotten all the returns from my first mailout yet, I really don't have updated info to give you. Find enclosed all the names and current addresses that I have for your area. Be advised that some of these guys may have served with both E Co and C Co because a lot of the info has not been clarified as to its correctness yet. It's going to take a while to get it all updated and sorted out.

If you wind up getting any further info on any of these guys please pass it on to me, it will help to update the database. Thanks.

Good luck with these!
