Dear LZ;

Thanks for the news letter, I'm glad to see that someone has taken the "bull by the horns" and is working to get the men of Charlie Company together. I am enclosing some money to help you defray your expenses.

You are right about our memories fading and I am probably worse than most but I am also including the names of several fellow Rangers who were killed in action. I suspect that they are already on your list and I am not sure of the dates of the action. All were members of 3rd Plt/C 75th.

★ Bill Squires	SEP 69
✓ Keith M Parr	OCT 69
★ William J.A. Murphy	FEB 69
✓ Mike Kiscaden	FEB 69

Keep up your efforts and let me know if I can help. I have limited time and resources, but am willing to do what I can. I would also like a copy of the unit history which you have prepared and have included a SASE. I intend to go to the reunion in 96 at Ft Lewis and look forward to meeting you there.

Sincerely,

R.A. Dischinger
