Richard,

Be advised of the updated info to the enclosed Co. C KIA roster as highlighted.

Joey Welsh was able to solve the missing man quandry.

As it turns out, Fred Wiedner was the man killed by friendly fire on 19 Dec 67. Sgt. ? Smith was the missing man, was on Joey's team, and was killed 22 Jun 68 while running missions out of Ahn Khe.

According to Mark Miller, Sgt. ? Lee was killed after the 19 Dec 68 date, no further info available on him.

Joey tells me he gave this as well as quite a bit of additional info to Roy Boatman some time back. You might want to check it out, there may be other info we need hidden somewhere.

I also checked all orders in my possession for completion and spelling of names in the above engagements to no avail.

If I can be of further help please let me know.
