<< Thank you all for the feedback. There are several worthwhile observations that have come out of this as follows:

(1) We should get some kind of monetary compensation out of it.

Due to our non-profit status we cannot blatantly ask for payment. So, what I suggest is that we ask for a donation out of the royalties.

Knowing what I do about writing a book, it is a fact that no one is going to get rich publishing anything except maybe Clancy! So, what I suggest is that we simply get a comittment from him for a donation from the proceeds in whatever amount he sees fit. I see it as a tradeout. If we only get \$50 and we get our history preserved for posterity then we've done that much. Especially if he does it right!

(2) It has been suggested that a board vote be taken.

I see this as very proper proceedure for anything we do with association property, and our historical archives are definately that!

It was also suggested that we provide some kind of blanket notice in case anyone objects. This is a good thought but I don't think it is necessary because:

(1) We have already released them once to a college ROTC archive so the precedent has already been set, and

(2) The photos have, in fact, been published for all the world to see in a historical photo archive on the website, so what's different about them being put in a history book?

Sam,

If there are no objections to the above would you take care of the Board vote on it? Then I'll proceed with contacting Ron Field.

Daniel

>>I agree with the above, and as for my vote, I vote, yes, we should proceed. I'm sending this now as I am on my way to Chicago to attend a rally to protest the closing of the VA hospital in North Chicago thus the PTSD program there. Will be back Sunday. Talk to you then.
