PETITION TO HANOI

TO: His Excellency Trinh Xuan Lang
SRV Ambassador to the United Nations

As Americans, we applaud your government's renewed humanitarian commitments to Presidential Emissary General John Vessey, Jr., and recent increases in cooperation on the POW/MIA issue. We urge you to continue to accelerate unilateral efforts by returning any US servicemen or civilians still in your country and providing information and remains of those still missing as a result of the war between our nations. We recognize the potential for progress, and while suffering occurred on both sides, the uncertainty continues for many American families who await answers about their missing loved ones. Please move swiftly to resolve this humanitarian issue and return our men to their homeland.
