Quiet Heroes: Navy Nurses of the Korean War, 1950-1953 Far East Command

Frances Omori, Commander, US Navy

Quiet Heroes tells the personal stories of the Navy nurses stationed at the Naval Hospital Yokosuka and aboard the hospital ships, USS *Consolation* (AH-15), USS *Repose* (AH-16) and USS *Haven* (AH-12). For fifty years the US Marines who were their patients held a deep desire to thank the nurses who saved their lives. Their efforts to find these nurses were thwarted as they never knew their names. *Quiet Heroes* tells of the Marines' heroes as seen through their stories.

Were it not for the 'quiet heroes' who served aboard hospital ships and at the Naval Hospital Yokosuka, Japan, there would be fewer of us to show them our appreciation on this, the fiftieth anniversary of the Korean War.
