Rear Admiral Lorenzo S. Sabin
Commander, Task Force 90
U.S.S. ESTES

Dear Admiral Sabin:

I wish to extend my personal thanks and appreciation to members of your ships supply, particularly Lt. Walter J. Boylan and his immediate staff, for the fine hospitality shown members of the various messes within my organization.

The cooperation and unselfish attitude extended by the supply staff towards supplementing the messes of this MAAG with foodstuffs, PX items and various other sundries from your ships store rendered a service which has done much toward increasing the morale of this Command and has earned the sincere respect for the ESTES by all members of this Command.

With highest esteem and best personal regards.

Sincerely,

JOHN W. O'DANIEL
Lieutenant General, USA
Chief, MAAG
