Typed: 28 January 1955 1440

cc to Safford file

From USOM Haiphong, To USOM Saigon. To Adler from Trout for Safford.

Request for removal of all equipment submitted today. Answer to request to be obtained on 29 Jan. Tentative removal date is 2 Feb via aircraft. Advise Hue as to possible arrival and to be ready to provide for unloading of four tons equipment. Confirming report will follow. No justification for retention of any presently installed equipment. This due to small listening audience. Situation may grow critical preventing any removal. Request approval and authorization to proceed as planned at our discretion. Small military type transmitter 50 to 500 watts on 31 meter band for immediate installation on temporary basis with one mike, turntable, and mike would be feasible if it could be removed on instant notice.
