1. The French Economic Mission is indeed working on a project for this village. The project is exclusively for assistance to the weavers and includes, to my knowledge, a textile yarn preparation plant.

2. COMIGAL is currently informed on this project and its progress.

3. This Division will shortly participate in a meeting with COMIGAL and the French Economic Mission concerning this project.

4. I am at a loss to understand the statement by Mr. Hanley's source, that this project and the procedure used to execute it could reflect adversely on the assistance made available by the United States, and I assume that Mr. Hanley dispelled this sort of thinking.

5. Is Mr. Lam the provincial COMIGAL Delegate? Please advise.
