Dear Jim:

This past August the 9th Med Lab held its 1st reunion 32 years after it was activated and sent to Vietnam. At the reunion several of the troops provided handout's and photo's. I've enclosed a series of Xeroxed photo's of the old lab, new lab, troops, C.O. X.O. and Commanding Generals of the 1st Log Division and the 44th Medical Brigade. Also please find a copy of our program, the Unit Citation, a flyer about the 44th Med BDE, an air photo of TAN-SON-NHUT airbase and a map of Saigon.

If I acquire any more memorabilia I will forward it on. With warmest regards to you and your staff, I remain.

As Ever,

A handwritten signature in black ink, appearing to read "John P. Heggors".
