LOCAL GOVERNMENT OFFICIALS KILLED & KIDNAPPED

Recently compiled data from PAD's field representatives show approximately 224 GVN local government officials killed and kidnapped during June. This is almost a one hundred percent increase over each of the two previous months (April: 119; May: 112). For the six months of this year, total casualties among local government officials (excluding cadre) stand at 900. It is highly significant that 96 province officials were either killed or kidnapped during June. In previous months, casualties in this category have been negligible. The attached chart shows the breakdown by category for the month of June.

WAR CABINET ORGANIZATION CHART

The following changes should be made in the attached chart showing the new GVN structure.

1. Brig. Gen. Nguyen huu Co has replaced Maj. Gen. Tran van Minh as Chief of Joint General Staff
2. Under the Commissioner General for War, the "Commissioner for Rural Affairs" should be changed to "Commission for Rural Construction".

Additional copies of the chart may be obtained at USOM/PAD.
