MEMORANDUM FOR: ALL INFORMATION OFFICES

SUBJECT: Photo Clearance Requirements

1. Reference MACV Policy on Public Information Photography dated 24 December 1965.
2. It has been brought to the attention of this office that numerous photos, cleared for release to the news media, are being received without the necessary distribution list.
3. Information Officers will assure that all photos submitted for clearance be accompanied by a list of publications and news agencies to which photos will be released.
4. Information Officers further will assure that all copies of photos to be released are stamped "CLEARED FOR RELEASE BY LACOI" by releasing unit only AFTER receipt of a stamped, cleared copy from this office. Some photos have recently been received for clearance already stamped "CLEARED FOR RELEASE BY LACOI." This premature stamping of photos has resulted in the release of some photos NOT cleared by this office.
