1996 Evidence Kit

A group of current and former intelligence officers has put together an educational package of material called the "Evidence Kit" written for educators and elected officials. With the "Evidence Kit" you can show history professors at Colleges and High Schools the evidence of live POWs, so they might teach their students about the POW/MIAs. With the "Evidence Kit" you can meet with your Congressman & Senator to show them the proof & evidence of live POWs. Included in the "Evidence Kit": 4300 live sighting reports; returned POWs debriefings; CIA & DIA reports; 309 discrepancy cases; select bio-sheets; how and where to get newly declassified POW intelligence reports. With the kit you can hold "show trials" to present the live POW data to the press and the public. Buy your history teacher, congressman, and senator a live POW "Evidence Kit".

To order, send \$25.00 for each "Evidence Kit" to:

This information service is designed to help President Clinton's appointees and other officials understand that there are unresolved problems of Americans who were captured alive and taken prisoner (POWs), but who were not released.

THIS IS PART ONE OF THREE

Look at these prisons and ask, were the POWs held in these camps, all released? Did we obtain the release of all the POWs named in the CIA data base, those who were known prisoners? The answer is NO! Therefore, it is incumbent upon the DIA to conduct a study of CIA's data base and to see if they can account for all the POWs reported alive in POW camps.
