1. Plans for PW Recovery Operation in IV CTZ. Planning continues for possible recovery operations in Tan Phu District, Kien Hoa Province. Starting date for the series of raids against reported sites has not yet been assigned.

2. ARVN Operation, Phong Dinh Province. On 5 July 1969 an ARVN element discovered a PW Camp vic WR 8576, and freed 9 ARVN and 27 civilian detainees. One VC was KIA. G-2 Advisor, IV CTZ has been advised that a source once reported three US PWs in that area, and the former detainees will be debriefed for knowledgeability on this subject.

PART II (S) OTHER ACTIVITIES.

Potential Hoi Chanh and 21 US PWs Held in Cambodia.

Tentative plans continue to be formulated regarding the PW Camp commander in Cambodia who desires to rally with seven security guards and 21 US PWs. Difficulties are expected due to the mass return of KKK in the Chau Doc (WS 1384) area on 7 July 1969. A JPRC representative flew to Chau Doc on 8 July to ascertain if any of the KKK were knowledgeable concerning US PWs.
