**Dear American Friend,**

There is only one person who can return your lost Freedom, and protect what little you have left. Your destiny depends on that person knowing what's wrong, who to blame, and what to do about it. That person has complete control of you and your family. ***That person is you!***

For years I watched America deteriorate waiting for somebody to do something. I consistently and voluntarily gave up my rights, and then paid to have them returned to me as privileges. I finally turned to alternative information sources, found out what was "going on" and learned how to protect myself.

The knowledge gained and the changes made by myself and many other Americans wanting Freedom can only benefit you if you learn and understand what is happening to America and your rights. I have combined my Freedom information sources with many others and published them for you in "Knowledge = Freedom", giving you what you need to learn and make changes for yourself. Knowledge Equals Freedom is not just a book title, it is a statement affecting your life; without knowledge you lack the power to protect and maintain your Freedom.

K=F contains the Declaration of Independence, Constitution for the united States, problem interpretations, thought provoking information, suggested courses of action, and a catalog of over 1,400 authors, organizations, newspapers, books, fax networks and activists in the Freedom movement with descriptions of their goals and how to contact them.

I hope you will get and use Knowledge=Freedom for your own well being. Now more than ever, it is important that you do so because our governments are totally out of our control and display signs of insanity. When we all learn, demand, and exercise our unalienable rights, those who feed on our ignorance and labors will starve. I look forward to hearing from You. God Bless America!!!

**Yours in Truth and Freedom,**

**Dennis Grover**

If you can answer these questions,  
you are a **KNOWLEDGEABLE AMERICAN**.*

Why have we allowed our government to mortgage the lives of our grandchildren with a \$4+ trillion national debt?

Why are we giving away billions of dollars to foreign governments while many Americans go hungry?

Why does more and more taxation produce more and more unemployment and deficit?

Why are children graduating from High School unable to read, write and think?

Why has the joy of living and raising a family so often been replaced with the mere task of making ends meet?

Why have thousands of POW/MIA's from past wars been abandoned?

Why are our lawmakers exempt from many of the laws we must abide by?

Why are drug pushers running rampant on our streets?

Why is the small businessperson being crushed by an onslaught of taxes and regulations?

What hideous crime did the Branch Davidians commit to deserve the fiery death they received at the hands of the B.A.T.F. and F.B.I?

Is the Federal Reserve a government agency?

Is the Federal Deposit Insurance Corporation a government agency?

What caused the savings and Loan failures?

Why do foreign lobbyists spend millions of dollars in Washington, D.C?

Who gets the lobbyists money and what is it used for?

Why do we allow lobbyists to even exist?

Where is our nation's gold that used to be in Fort Knox?

Why would a person spend millions of dollars to get elected to a \$100,000 a year job?

Why is alternative medicine suppressed?

Why do the same career politicians get elected time and time again, when YOU didn't vote for them?

Why does the government not want us to have guns, vitamins and herbs?

Who is our "national debt" owed to?

Who has allowed America's problem to keep growing?
