Larry,

Very sorry to hear that you have been ill and have had a death in the family, all at the same time. When it rains, it pours. Please accept our deepest sympathy on the loss of your loved one and we all hope your health will recover quickly.

I am continuing my research of pertinent files in the hope that we can some day soon put it to good use. It would be wonderful if we could have some new leads on unresolved cases to share with the family members during their annual meeting this year.

Good luck on the trip to Vietnam. Their lunar year is 19 February this year, so maybe they will be in a good mood when you arrive over there. Keep up the good work, we have a lot of faith in you and your ability.
