Larry-- Sending along paper you requested.
all is well here. Harley, Shelby, Cuddles,
Muffin and Rockie all send their greetings
as well as Suzie and myself!

Have had a very busy day-- didn't get done
all that I planned but will finish up in
the morning. Give my greetings to Dick C.
and Ann.

Points To Ponder...

1. Nature of Office?
 - a) League?
 - b) WorldTouch?
 - c) Joint-- neutral name?
2. Whatever the name, will it help to have a service purpose beyond (in addition to) the Issue? (For example, operating assistance projects... and evaluating others with the intention of securing funding?)
3. Am I correct in assuming that whatever the stated purpose, Bill with his background, knowledge and contacts could represent the League and accomplish its specific purposes?
4. Is there already a detailed purpose statement for such an office, from the League's viewpoint?
5. Can a broader approach (let me use the word, "cover") serve a useful purpose?
6. Even beyond the humanitarian aspects (in the narrow sense of that term), is there a broader purpose for such an office? Is there some new purpose (again, "broader") we have not yet defined? (An unofficial "embassy," serving broad spectrum American visitor concerns? Birdwatchers and Boy Scouts... photographers and philatelists... and so on *ad infinitum* -- including League-sanctioned visitors?)
7. Frank question to Bill: Comfortable with spiritual purposes of WorldTouch as understand them? Comfortable with me and where I'm coming from?
