Your Excellency:

My sources in Vietnam inform me that at this moment the Kim
Chi Hotel, 6 Doc Ngu Street, Ba Dinh District, Downtown Hanoi
has been surrounded by Communist Secret State Police (Tinh Bao)
and they intend to arrest U.S. Congressman Billy Hendon.

The purpose of my visit is to participate in mass political
demonstrations against your government in front of the Presidential
Palace. I know that if your government is sincere in its new policy
of openness "Doi Moi" (Glasnost) and eager to show cooperation and
friendship with the American People so as to gain fast normalization,
you will want to process my VISA immediately.

As news of this atrocity and insult spreads rapidly, I am sure you
will be receiving many applications for VISAs from POW/MIA family
members and Vietnam Veterans who will want to go to Hanoi to show
support for our jailed martyr, Congressman Hendon. You realize,
of course, that a refusal to grant VISAs would only mean your
government is insincere and does not desire good relations with
America.

I want to leave on the next available flight. Please FAX me the
necessary forms to the number above and I will fill them out and
re-submit them to you for your full approval.
