JOE JORDAN RUBS DIA's NOSE IN THE DIRT

AGAIN; PUTS CURRENT AND COMPLETE

LAOS LKA LIST INTO THE PUBLIC DOMAIN

8/29/94

MY FRIENDS AND FELLOW POW LIBERATORS:

Today is a day of great rejoicing as we celebrate yet another magnificent victory over the demons of darkness and the Knights in Service to Satan at DPMO, OSD/ISA and the DIA. While Scowcroft, Ross, Needham and Wold all say in public, all POWs are dead, etc, Their extremely classified reports say something altogether different. The attached list is so highly classified that even though the routing was to NSC, JCS, CINCPACFLT, NORAD, etc, that some names were redacted.

Not only are we giving you this super-secret list, we have uncovered the identities of the redacted names and are supplying them to you as well!, along with some of our own analysis.

The list is divided into three sections:

- 1) POWs at Homecoming (PH)
- 2) Last Known Alive (LKA)
- 3) Knowledge of Incident (KI)

While there are over 400 Laos POW/MIAs, the list is very selective and puts the cut at 77. The date of the document is September 11th, 1992, which was during the tenure of the Senate Select Committee on POW/MIA and the conspiracy to sequester it from their review is a felony Obstruction of a Congressional Investigation and refusal to obey a Subpoena Dueces Tecum. Any exuberant JUSMAG types looking to come after us for disclosure of this document should simply look closely at the date on the document and consider their own exposure to criminal prosecution and civil liability before taking any rash actions.

REDACTION NUMBER 1: PITTMAN, Allen D. 11/16/66 PO41, E3 USAF AIG CIA Brightlights No. 0524. Can anyone tell me what was going on that an E3 could be flying an AIG (One of only 4 lost) over Laos and be captured?? Beam me up on this one, scotty.

REDACTION NUMBER 2: LANEY, Billy R. and HANSON, Stephen P. Brightlights No. 0720. CH46A down over Laos 6/3/67. Other lists show this incident as down over NVN or SVN, etc. The manifest showed a curious mixture of Marine Corps officers and Army green Berets, superspooks on a secret mission outside their AO in an illegal war. No wonder their names are redacted. You better believe the USG doesn't want this case resolved!

YOU DON'T SAY DEPARTMENT: I am sure all of you were nauseated and looked for a trash can to throw up in when you saw the piece of drivel and crap NBC did on Lima Site 85 on 8/3/94 where one U.S. Govt scumsucker after another lined up fed the American viewers the sop and pabulum that all the Americans at Site 85 Phou Pha Thi were killed when it was over-run and their bodies thrown over the 7,000-foot cliff. Guess what folks! This list shows nine survived! Ain't that a hoot!

SUMMARY: As we have said all along, the U.S. Government is not the solution, they are the problem on this issue and when real answers come, it will be from private sector organizations like ourselves, with a little help from our friends in low places! Like the Scarlet Pimpernel, we are here, there and everywhere and CI will never find us. When it absolutely, positively, has to be stolen overnight, look to the source, THE STRIKE FORCE!
