Dear Mr. Bell:

The National Alliance of Families for the Return of America's Missing Servicemen would be deeply honoured if you would accept our invitation to address and participate on our fourth annual "POW/MIA FORUM". This invitation would be for July 16, 1993 (Friday) at the Hotel Washington, Grand Ballroom at 515 15th Street. N.W., Washington, D.C.

Our yearly "POW/MIA Forum" has continued to exhibit the most interesting exchange of data and evidence that not only enlightens but challenges both sides of the POW/MIA Question. We are honoured with the presence of U.S. Government representatives, independent researchers, journalists and family representatives on our panels.

Our audience does have the opportunity to ask questions of the guests on our panels. If you would like to participate on a panel we would consider it a privilege. Our audience which is made up of family members (of WWII, Korean War, Cold War and the Vietnam War POW/MIAs), Veterans, journalists, and interested citizens.

We, the Families are extremely grateful to you, Mr. Bell for being so forth coming by telling some of the "truth" of this POW/MIA Travesty. You are very brave. Thank you for your continued work towards resolving our POW/MIA Question.

I will forward a request for permission of your appearance at the Forum to Secretary Aspin.

Thank you for your kind attention and consideration.

Sincerely,

Dolores Apodaca Alfond
National Chairperson
