Jim's Dad's Letter to Chapter

Dear friends;

We wanted to inform you that we have just heard from the Air Force that the remains that were sent back some time ago that were supposed to be of our son were not identifiable. There were only a piece of clavical, a couple of vertebrate, a hip bone, a leg bone and a foot bone. So they could not make any identification. There were no teeth for the dental records so they did not have anything they could identify. They did say that it was a male about 25 to 35 and I don't remember whether they said it was caucasian or they tho't it to be caucasian. They could not tell us what would be done with the remains, or what else would be done as they did not know. We appreciate all the nice things you have done for us and thank you. We feel very honored to think you named the Post for him and we know he would be honored too.

We wish you all happiness and success in all your adventures & endeavors.

Thank you

NEIL L. HUARD
