Bill,

I opened a file for Y-Tin Hwang -

IV-289,584. That doesn't mean much, but anything you send for the file later ~~will~~ should have that number on it. And if he gets Exit permission + on an "HO" list, ODP will have an exit record (with your letter in it) to refer to.

Should have his re-ed certif, if possible, + names, P/DOB of himself + spouse + kids accompanying. No need for any documents other than the re-ed certif + your letter.

The other fellow he referred to - Y-Kaac Knuul, - was interviewed + rejected by ODP. They had an Amerasian with them, but he hadn't lived with them very long, + the kids' natural mother

is living in VN but opted not to go. Only the American was approved. (FNS - Post Shannon - also talked to them but noted that there was no re-ad + no grounds for a refugee approval. That case number is 40 AC - 1070, in case you ever want to refer to it.)

Regards -
+ Hi to Xuan!
Mike.
