

Cadre to look up

Võ Văn Thời - already interviewed during iteration 13 concerning the MRS POW camp. He may be the former chief of the Cục Dịch Vận in Hà Nội until sometime around 1965. He never mentioned this during interview. If it is same guy he was injured in auto accident during 1978 and may have moved to HCMC. Will take a little luck to catch him in Quang Ngai (visit, vacation, etc). He should be able to provide names of other potential witnesses involved with US POW/MIA.

Other potential witness is Mr Hòa, the former district party secretary of Đắk Glay district, Kon Tum during the war. He moved back to Quang Ngai after the war ended.
