MEMORANDUM

From: J2
To: Distribution

Subj: VIETNAM WORKPLAN

Encl: (1) Vietnam Workplans for 20th - 25th Iteration

1. Enclosure (1) is the current workplan for the 20th through 25th period of Joint Field Activities (JFA) for Vietnam.

2. Workplans are dynamic documents and undergo numerous changes prior to execution. To avoid confusion an "as of date" is annotated at the top of each new copy distributed. If only minor changes are made in the following weeks, only those pages changed will be printed and distributed. A complete reprint and dissemination of the workplan is anticipated following each technical talk session.

3. Recovery team cases are clearly identified within each JFA. Cases for investigation and evaluation (IE) are listed as logical groupings to aid in workplan development and tracking. J3 will use groupings as a basis to make actual IE team assignments.

4. Modifications or questions pertaining to workplans should be directed to Mr. Spock, J20.
